Introduction:

The **GNIOT Alumni Cell**, in collaboration with the **Department of Computer Applications**, organized an **Alumni Interaction for Placement** on 3rd March 2025. The primary objective of the session was to provide students with **valuable insights into industry trends, career guidance, and placement strategies** from an experienced professional who once walked the same halls as they do.

Event Highlights:

- The seminar began with a **welcome speech** by an Anchor, who introduced Mr. Vivek Singh and highlighted his contributions to the field of **IT and digital innovation**.
- Mr. Singh shared his **career journey**, from his time at GNIOT to his current role as an **IT Director at Universal Weather & Aviation Inc.**
- He discussed **key industry trends, essential skills, and expectations from fresh graduates** in the field of **software development, cloud computing, cyber security, and artificial intelligence**.
- The session also covered **interview preparation tips, resume-building strategies, and ways to enhance employability** in the digital era.
- Mr. Singh emphasized the importance of **networking, internships, and continuous learning** to succeed in the competitive job market.

Student Interaction & Q&A Session:

The interactive session allowed students to ask **questions about career choices, challenges in the IT industry, and emerging technologies**. Mr. Singh addressed queries related to **industry expectations, soft skills development, and the importance of certifications** in advancing one's career.

Conclusion & Vote of Thanks:

The session concluded with a **vote of thanks** from Dr. Saumya Chaturvedi HOD DCA, expressing gratitude to Mr. Vivek Singh for taking the time to share his knowledge and experiences. Students expressed their appreciation for the **informative and motivational session**, highlighting how the discussion had **enhanced their understanding of career opportunities in the IT sector**.

The event proved to be a **valuable platform for students** to connect with an industry expert and gain **practical insights into placement strategies and career growth**.
