Department of Computer Science & Engineering

Academic Year: 2019-2020

Action Taken Report on the Feedback of Stakeholders

Feedback collected from the following Stakeholders:

A. Student Feedback

B. Faculty feedback

C. Parent Feedback

D. Alumni Feedback

E. Employer feedback

On the basis of the Feedback collected from various stakeholders, following actions were taken to improve the academics of the program B. Tech. Computer Science & Engineering

Sl. No.	Feedback / Suggestions	Action taken
1	Courses helpful in higher learning should be included in the curriculum.	As an affiliated institute we can't modify curriculum but department will provide help to the students in the form of invited talks and counselling to prepare them for higher learning.
2	Job oriented courses should be provided to the students.	Department will start the Add On courses like Advance Java and Advance Python to help the students to get their dream job.

Action Taken Report on the Feedback of Stakeholders

Academic Year: 2019-2020

Feedback collected from the following Stakeholders:

A. Student Feedback

B. Faculty feedback

C. Parent Feedback

D. Alumni Feedback

E. Employer feedback

On the basis of the Feedback collected from various stakeholders, following actions were taken to improve the academics of the program B. Tech. Mechanical Engineering.

Sl.No.	Feedback / Suggestions	Action taken
1	Provide the environment to make the students Industry ready.	The Department has frequently arranged Industrial visits for students, so that students will aware about the equipments, tools and machines used in industries.
2	Implementation of knowledge and Technique based upon current scenario in Indian Industries	Arranging different workshops related to industrial developments apart from main curriculum.
3	Career Oriented Courses should be included in the Department in form of Practical trainings and Workshop	The department has already started Add on courses in form of Training and Workshops on AutoCAD, Solid works and Core python Essentials: Coding.

## Action Taken Report on the Feedback of Stakeholders

Session 2019-20

Feedback collected from the following Stakeholders:

A. Student Feedback

B. Faculty feedback

C. Parent Feedback

D. Alumni Feedback

E. Employer feedback

On the basis of the Feedback collected from various stakeholders, following actions were taken to improve the academics of the program B. Tech. Civil Engineering:

Sl. No.	Feedback / Suggestions	Action taken
1	Career Oriented Courses should be included in the curriculum	As an affiliated institute we can't modify curriculum but department has introduced software courses like AutoCAD & STAAD Pro in the department. Survey camps will be organised to equip students with the diverse knowledge regarding different instruments.
2	Ability of the curriculum to support higher learning	Department will arrange GATE & Aptitude classes for students and inculcate questions of higher level in assignments/ quizzes/ tutorial sessions.

The Registrar
Dr. A. P. J. Abdul Kalam Technical University,
Lucknow.

Sub: Recommendations of courses that may be included in the AKTU curriculum in the academic session 2020-21.

Dear Sir,

This is to bring under your kind consideration that as an affiliated institution, we follow all University norms including the curriculum which is in compliance with AICTE. We understand that Dr APJ AKTU curriculum includes all the essential core courses that are crucial for competitive exams and placements and is regularly updated to meet industry requirements.

As part of an institutional process, we have collected curriculum related feedback from major stakeholders - students, parents, alumni, faculty members, and employers. On the basis of the input received from this feedback, we wish to put forth some recommendations that may be included in the AKTU curriculum in the next academic session 2020-21. The recommendations are summarized as follows:

1. Common **for all engineering branches**: Microsoft Training Program may be included in the curriculum for all branches as it will be useful to students in their workplace.
2. B.Tech **Computer Science & Engineering and B.Tech Information** Technology: Courses related to Data Science may be included in the syllabus, based on growing demands of the industry.
3. B.Tech Electronics & **Communication Engineering:** A course on Electromagnetic Field Theory may be added to the curriculum.
4. **B.Tech Civil Engineering:** A theory course on Open Channel Flow may be included in the syllabus.

The above is for your kind consideration and requesting to incorporate in the new syllabus.

Thanks & Regards

(DIRECTOR)
