	2.5.1 Students Grievances- Internal Examination
1	Process to handle Internal grievances related to Internal Assessment
2	Grievances related to discrepancy in Question Papers
3	Grievances related to request from students to conduct Make-up test
4	Grievances related to the student reported discrepancy in Marks on ERP
5	Sample Application (Form7.0)

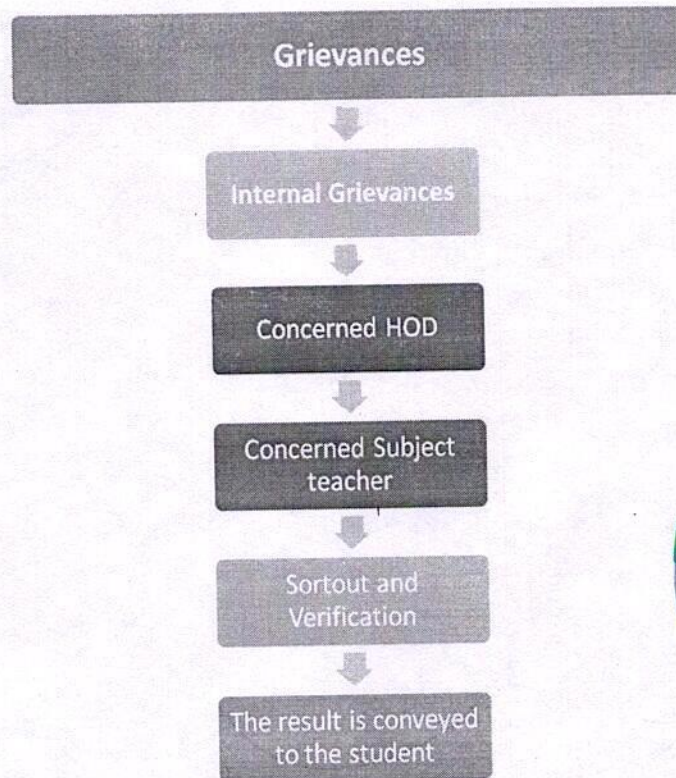

Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

Mechanism to deal with internal examination related grievances:

Grievance may be there due to error in question, incomplete question or question being out of syllabus. If any such grievance is reported at the examination hall then appropriate action is taken by the Controller of Examination. The grievance is at first verified with the respective department. Then at the time of copy evaluation the concerned examiners are notified to give full marks allotted to that question provided the student has attempted that particular question.

Mechanism to deal with marks related grievances:

The mid semester examination copies are shown to students by respective subject teachers of different departments after evaluation. So any grievance related to marks by the student is immediately clarified by the subject teacher and rectified if necessary. After this the mid semester marks are published by the departments.
