## NOTICE

All the students of **B.Tech ME 2nd Yr.** are here by informed that **Mechanical Department** of GNIOT Group of Institution is organizing two days training program on AutoCAD from **08 Feb, 2019** and **09 Feb, 2019** .

Venue : Mechanical Computer Lab

Timing : 10:00 to 1:00 PM

HOD

(Mechanical Department)

## Report : Training Program on AutoCAD

Dates : 08-02-2019 & 09-02-2019  
Department : B.Tech ME 2nd Yr  
No. of Students : 45

**Objective of the Event:** The objective of the event was to make students familiar with AutoCAD software and to give them practical exposure through hands-on practice.

**Brief Report :** Department of Mechanical Engineering has arranged Two Days Training on AutoCAD on **08 Feb and 09 Feb, 2019**. The Expert of the workshop was Mr. Girender Bhati Assistant Professor, Mechanical Department thought students about 2D, 3D AutoCAD and given overview of Revit. 45 Students from Mechanical Engineering 2nd Yr. were attended this training program. Students learned different commands used in Auto CAD 2D, 3 D and Revit software's. Expert rendered his expertise to all Modules of AutoCAD on effective use of subjective knowledge.

### The topics covered in Training Program were :

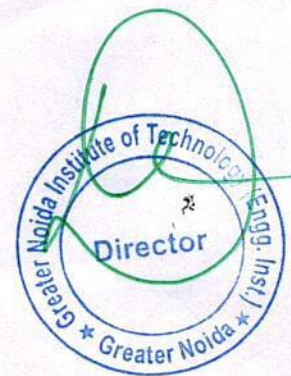

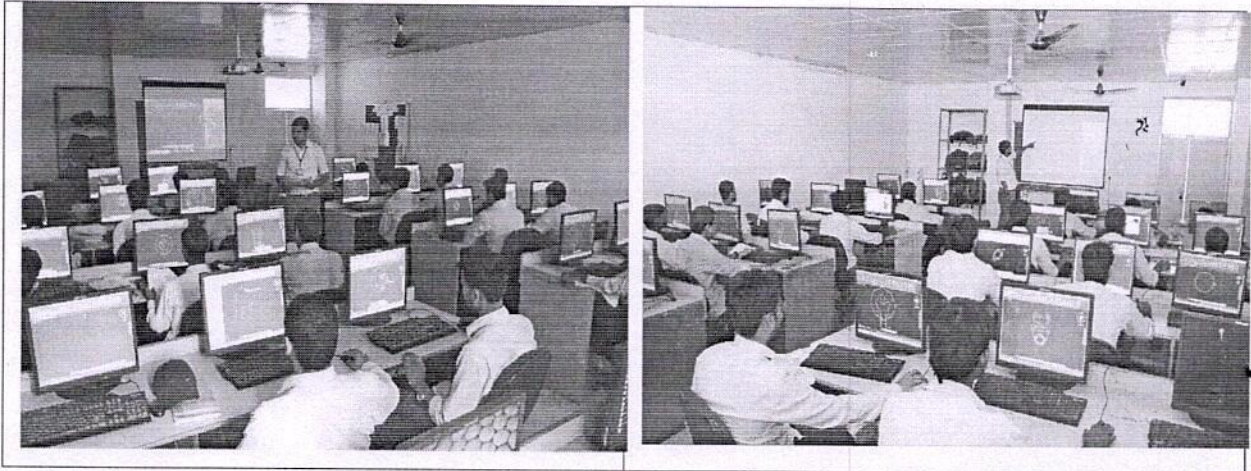

- Operate the AutoCAD design software based on industrial approach.
- Understand the concept and techniques
- to draw the industrial products.
- 2-D Drafting and drawing of engineering
- components using draw and modified commands.

**Outcome of the Event :** At the end of the event, students feedback are taken the students were confident enough to use different commands, draw different plans, the elevation of a building using AutoCAD. This workshop also enabled students to become familiar with Revit Software.

Glimpses of the event

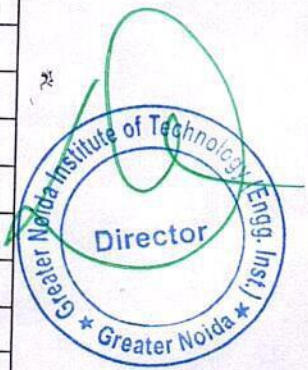

Event Name: Training Program on Autocad

Date : 08 Feb, 2019

Course : ME 2nd Yr.

## NOTICE

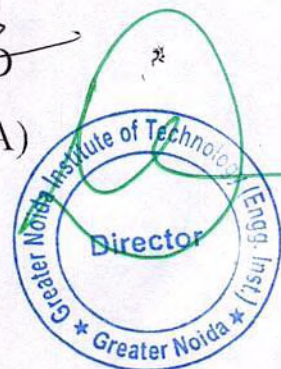

All the students of **MCA and B-Tech – CSE 3rd Year** are here by informed that **MCA** Department of GNIOT Group of Institution is organizing a programming competition **Programmer's Playground: A Programming Competitions** on **16 Nov 2018**.

Venue : Lab no: 157,158

Timing : 10:00 to 12:30 PM

  
HOD

(MCA)

## Report : Programmer's Playground: A Programming Competitions

Dates : 16-11-2018  
Schedule : 10:00 to 12:30 PM  
Department : MCA and B-Tech CSE 3rd Yr  
No. of Students : 48

### Attended (approx.)

**Objective:** The aim of competitive programming is to write source code of computer programs which are able to solve given problems. The primary goal of a coding competition is to increase efficiency and improve performance by discovering patterns in data.

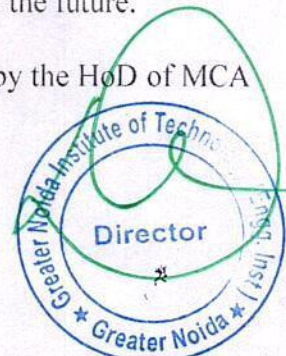

**Report:** MCA Department of GNIOT Group of Institution organized a Programmer's Playground: A Programming Competition on 16 November, 2018.

The competition was in conduct in two phases. In first phase coding and debugging question are given to all the students with the time limit of 30 minutes, in the second phases scenario based question are given with time limit of 1:30 hrs. Total 48 students from MCA and CSE 3rd yr were attended the competition. The competition was conducted in lab no 157 and 158. At the end of the competition awards were given to the winners.

Programming contests offer numerous benefits for developers interested in practice their coding skills. The essence of coding contests and challenges boils down to one thing – Students were provided with a specific set of programming problems and they were expected to solve them within the stipulated time. Their credibility as a good coder will be judged on many different criteria such as efficiency, innovative quotient, accuracy, and team spirit, among others. The benefits of participating in coding contests and challenges are manifold.

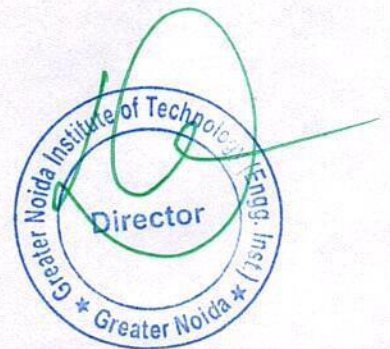

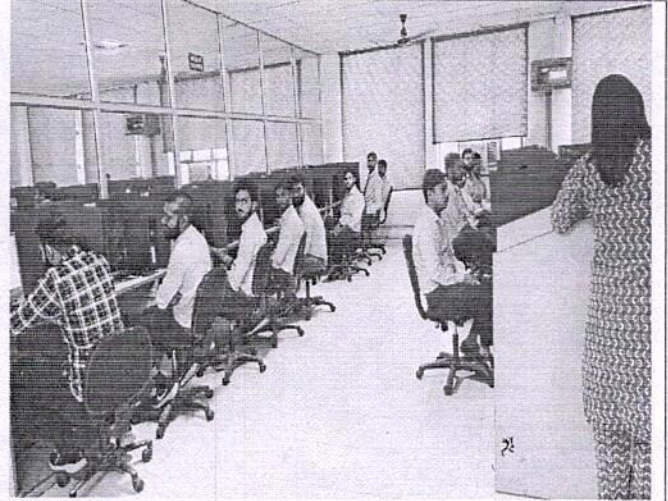

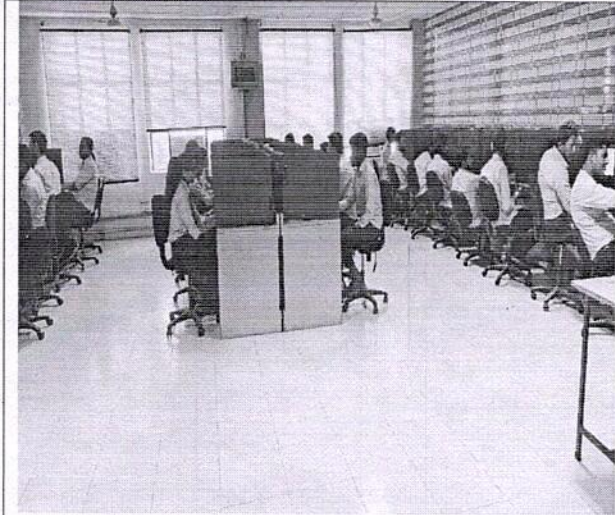

Coding contests are the stepping stones to preparing for coding interviews. Because in both the scenarios students expected to possess an excellent grasp on Data Structure and Computer Science and also, students have to write codes and solve coding problems. Participating in coding contests will ensure that your programming skills are top-notch. So, coding challenges are definitely a great start for to crack coding interviews in the future.

The Competition was concluded with award ceremony. Awards were given by the HoD of MCA Department.
