"Quiz Competition " Activity Report

Name of the Activity : Quiz Competition

Date of the Activity : 16th October, 2020

Objective :

- Quiz competitions are always entertaining and educational, which delight students.
- The purpose of this activity was to inspire students to go beyond their textual understanding and make a link between theory and application of principles learned.

Brief Report : On October 16, 2020, the Department of **Computer Science and Engineering** at GNIOT organized " Quiz Competition" for students of B.Tech Second Yr. The Quiz had three rounds . Three-round competition includes Fundamental of Programming , Advance Programming and Pseudocode. Rules and regulations of the quiz were explained at the beginning. It was a 3 stage competition :

Round 1: Through Google Form (35 Questions)

Round 2: Quizzee Platform

The first round of the competition was supposed to start at 1:30 PM. In this round, the Google form link was circulated among the participants . 35 questions were given and participants had to submit the form in 40 minutes.

It lasted for more than an hour. The second round started at 2:45PM . This round was done through Quizzee Platform. Students were very excited for this round.

Winners of the Quiz Competition were :

Winner : Shivam Singh

First Runner up : Harsh Kumar

Second Runner up: Adarsh Kumar

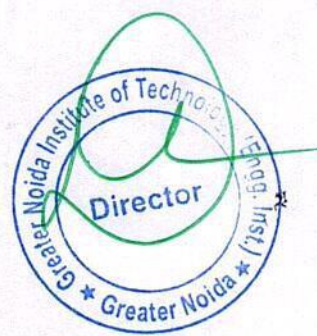

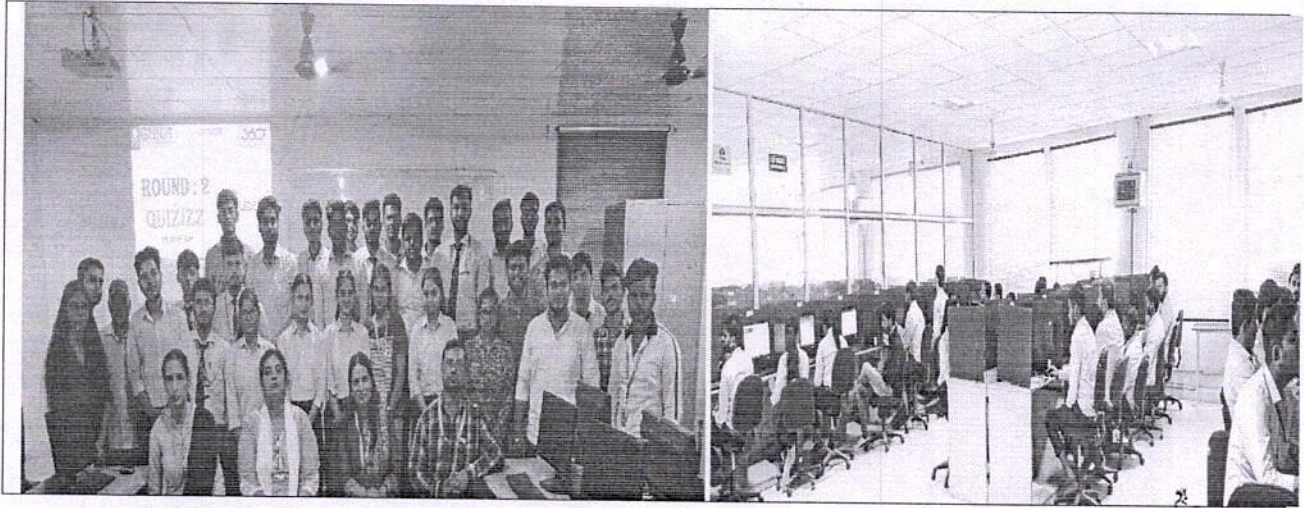

Overall, the Inter-house Quiz Competition was a huge triumph which would not have been successful without the guidance of Dr. Dhiraj Gupta, Director GNIOT

Outcome :

- It was very informative and knowledge enriching competition for the participants.
- Virtual platform based competition gives better experience to the participants.

Report : Two Days Workshop on Data Analytics

Dates : 09-04-2021 & 10-04-2021
Schedule : 01:00 to 4:30 PM
Department : B.Tech IT 2nd Yr
No. of Students : 85

Objective : Data analysts exist at the intersection of information technology, statistics and business. They combine these fields in order to help businesses and organizations succeed. The primary goal of a data analyst is to increase efficiency and improve performance by discovering patterns in data.

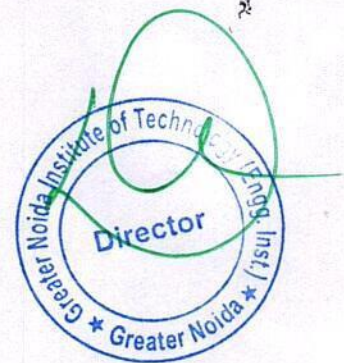

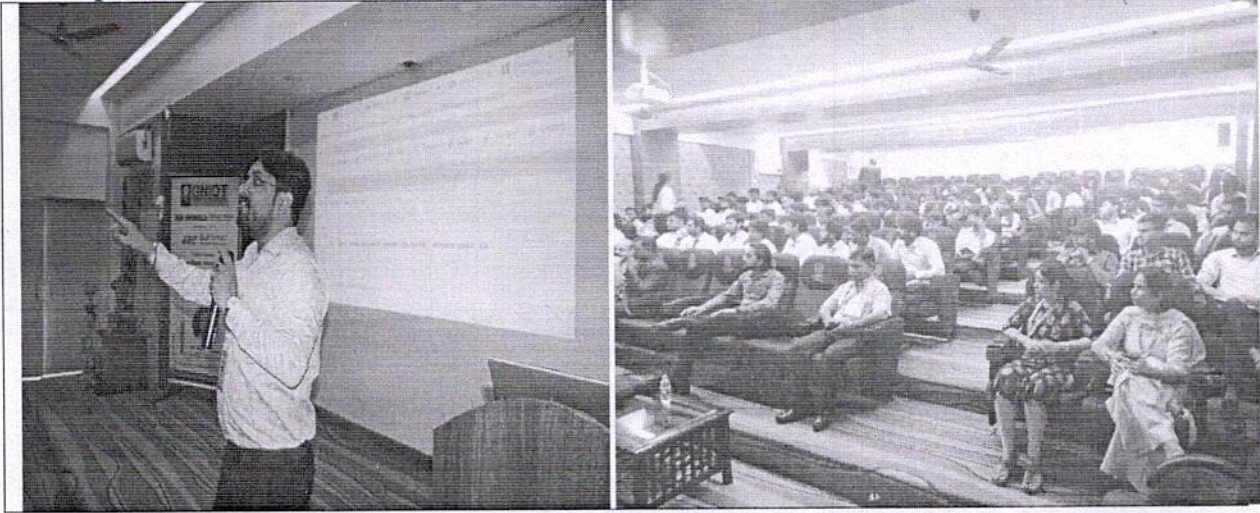

Report : Information Technology Department of GNIOT Group of Institution organized a Workshop on 09 April, 2021 and 10th April, 2021 in collaboration with Softpro Ltd. by Mr. Brijesh Mishra, Trainer Softpro Ltd.

Mr. Brijesh Mishra, briefed about basics of Data analytics, uses of data analytics and many more. Sir said that, Data analytics (DA) is the process of examining data sets in order to find trends and draw conclusions about the information they contain. Increasingly, data analytics is done with the aid of specialized systems and software. Data analytics technologies and techniques are widely used in commercial industries to enable organizations to make more-informed business decisions. Scientists and researchers also use analytics tools to verify or disprove scientific models, theories and hypotheses.

He also highlights that Data analytics initiatives can help businesses increase revenue, improve operational efficiency, optimize marketing campaigns and bolster customer service efforts. Analytics also enable organizations to respond quickly to emerging market trends and gain a competitive edge over business rivals. The ultimate goal of data analytics, however, is boosting business performance. Depending on the particular application, the data that's analyzed can consist of either historical records or new information that has been processed in real-time analytics. In addition, it can come from a mix of internal systems and external data sources.

The workshop was concluded with questions and answers and Vote of thanks was given by HOD, Information Technology.

Report : Webinar on Machine Learning using Python

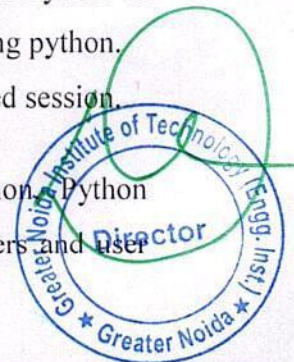

Academic Year	2019-20
Name of the Activity	Webinar on Machine Learning using Python
Date of the Activity	16th April, 2020
Resource Person	Mr. Rohit Kumar, Trainer, Softpro India Ltd.

Objective : To set up Python and develop a simple application. Declare and perform operations on simple data types, including strings, numbers, and dates. Declare and perform operations on data structures, including lists, ranges, tuples, dictionaries, and sets. Write conditional statements and loops.

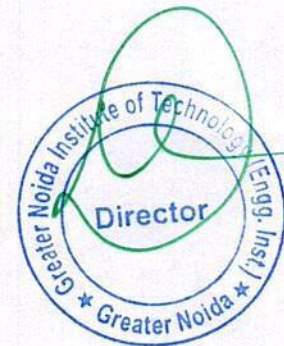

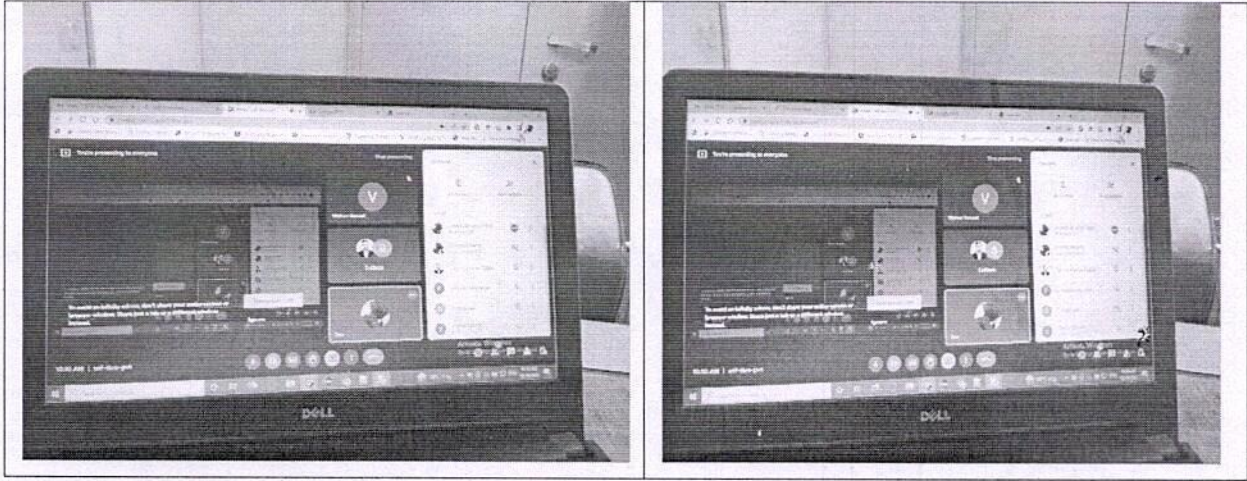

Brief Report : Mr. Rohit Kumar , Trainer Softpro India Ltd. commenced his session by explaining how the world is changing and making life easier than ever, with the usage of new technologies. As the focus of the work shop was game development by Python, he gave hands on session on how coding is done in python to develop a game on ANACONDA 3.6 platform.

Mr. Rohit Kumar also addressed the audience about the basics of Machine Learning, How we can use an Excel Sheet to draw a pattern for comparative analysis and decision making. He demonstrate the student that how a pattern is drawn from an Excel Sheet, which contains records of employees of an organization as per their salary range. Further, if a new employee is joined, then how the salary is offered to that employee as per the organization's salary structure. Before completion of workshop, he spoke about competitive marketplace and how difficult it is to survive in market these days. He guided the students about the job opportunity in Python in Indian and overseas IT industry and how can anyone got those opportunity by knowing python. Finally session was concluded by asking questions about the doubt, if any, in delivered session.

Outcome : The workshop is designed to provide Basic knowledge of Python. Python programming is intended for software engineers, system analysts, program managers and user support personnel who wish to learn the Python programming language.
