Department of 360 Degree Upskills of GNIOT Group of Institution organized two days short term training program on Python for B.Tech CSE-AIML students on 26th May to 27th May, 2022 at the Computer Lab, First Floor. The training was conducted by Ms. Sarika Agarwal, HOD, 360 Degree upskills department.

The Training program of the day started with brief introduction of Python and its popularity. Python is an open source, high-level and powerful programming language that is well suited for scientific computing. The aim of the workshop was to provide training to the students on the use and benefits of Open Source Software and the following aspects of Python Programming were covered:

- ▶ Introduction to Python
- ▶ Features of Python
- ▶ Version of Python
- ▶ What should we learn python 2.x or 3.x
- ▶ Why should we learn Python
- ▶ Important things to know about Python
- ▶ Python vs. Java and other programming language
- ▶ Installation of python
- ▶ Data type in Python
- ▶ Operators in python
- ▶ How to write and execute program
- ▶ Condition and loop
- ▶ String in python
- ▶ How to import library
- ▶ Some interesting facts about Python

Overall, the session was highly interactive and students acquired various programming skills on python language. The event helped students to explore their programming skills and ideas to work on real world program implementation. The workshop received an excellent feedback from the participants and they had appreciated the method of delivery, programming skills and the hands-on exercise. The event concluded with a group picture and thank you note by the students.
