**Date of Activity:** 21 June 2018

### Event Report

The International Day of Yoga was celebrated with great enthusiasm at GNIOT (Engg Institute), Greater Noida on 21 June 2018. The event was organized by the college's Social Club, and it was attended by 45 students and faculty members with staff. **Mr. Manoj Gupta, Value Education Head, GNIOT** conducted the program.

The celebration began with a warm-up session led by experienced yoga instructors, who demonstrated various yoga poses and techniques. The participants were then divided into groups based on their experience levels, and each group was led by a yoga instructor to practice different yoga postures.

The yoga day celebration also included a meditation session, which was conducted to help the participants relax and focus their minds. The meditation session was followed by a pranayama (breathing exercises) session, which taught the participants different breathing techniques that can help reduce stress and improve overall health.

The event concluded with a feedback session, where the participants shared their experiences and how they felt after practicing yoga. The participants reported feeling more relaxed and energized after the yoga day celebration, and many expressed their interest in continuing to practice yoga regularly.

Overall, the yoga day celebration at GNIOT was a great success. It provided an opportunity for students, faculty members, and staff to learn about the benefits of yoga and to incorporate this practice into their daily lives. The college's Physical Education department deserves recognition for organizing such a wonderful event, and we look forward to more such events in the future.

Outcomes of the Event

1. The event was organized with the objective of promoting the benefits of yoga and encouraging the participants to incorporate this practice into their daily lives. The experienced yoga instructors demonstrated various yoga postures and techniques, and the participants were able to learn and practice different yoga poses that can help improve physical and mental well-being.
2. The meditation and pranayama sessions also helped the participants to relax and reduce stress, and many of them reported feeling more energized and focused after the sessions. The feedback session at the end of the event was also positive, with many participants expressing their interest in continuing to practice yoga regularly.

## Webinar on Health Awareness

Date: 05.03.2018

The Electrical Engineering (EE) Department has organized a webinar on Health Awareness on 05<sup>th</sup> March 2028. Dr. EktaAgrawal, MD in homeopathy was the Guest speaker of the webinar. Dr. Ekta interacted with the students of the department and illuminated them with the specifics of living a healthy life. She discussed about a lot of common health problems in our day to day life and suggested measures to treat them. She also discussed about stress management in students' as well as faculties' life. Further she offered free online consultation to the GNIOT students and faculty members as a token of thanks. Students as well as faculty members of the department participated in the webinar with full enthusiasm.

### Outcome:

The students became aware of the following:

1. How to live a healthy life?
2. Common health problems and their treatment.
3. Stress management among students as well as faculties

Several villagers in the fringes of Rampur Bhangar, Jewar Block, Greater Noida are open defecating. This lack of proper sanitation leads to negative impacts in the health of public, and may also lead to various diseases such as typhoid, diarrhea, intestinal infection, cholera and many others. The nearby water sources are also getting polluted because of the defecation done near it.

The need arises because of lack of infrastructure, unsafe and risky toilets which are poor in quality and lacks privacy, some of the villagers prefer being in nature or are not aware of the adverse effects because of it. Therefore, the need of the hour is to provide better facility as much as possible to reduce open defecation and educate them about the adverse effects.

The villagers are to be provided with type of toilet that treats human waste by biological process and reduces the fecal contamination. The role of Greater Noida Institute of Technology was to analyze the area where maximum open defecation is observed and provide bio-toilets near them. A team of faculty and students reached the villagers and make them aware about the adverse effects of open defecation, the benefit of using bio- toilet.

Here, the human waste or excreta goes to the bio digester tank which is filled with one third of the bacteria. The anaerobic bacteria decompose the human waste and converts it into CO<sub>2</sub>, methane gas and water. The surface of the tank is increased by providing modules or chambers in the digester to increase the digestion. The grey water coming as an effluent can be used for irrigation purposes.

Important Dimensions, Volume of Bio-digester Tank & Materials required: 1. Length - 1150 mm 2-Width - 720 mm, 3. Height – 540 mm 4. Total Volume of Tank – 400 liters. 5. Effective Volume of Tank – 300 liters.

The main parts of the Bio digester tank consist of:

1. Tank with partition walls inside the tank.
2. Poly grass mats for protection of bacteria inside the walls.
3. Ball valve with handle for operation for making toilet direct discharge in case of choking.

### Benefits from the Event:

- The proposed Bio-Toilet will lead to improved hygiene among villagers
- Health and mortality of the villagers will improve
- Aesthetics of the village will improve

**Outcome of the event:**

Financial Resources: The final price per module comes out to be Rs. 28,500 as per the requirement in the village.

The following is the expected outcome of the Bio-Toilet Talk:

- Better hygiene of the villagers and less polluting of water sources. Meeting Health & sanitation requirements of the villages.
- Providing low-cost, high-quality manure for the crops – substitute for costly chemical fertilizers.
- Better educated and aware villagers will ensure proper sanitation and discipline.

**EVENT TITLE:**

**“Session on Girl Hygiene & Education”**

**PARTICIPANTS:**

Third year & Second Year IT Engineering Students & Faculty members.

**OBJECTIVES:**

- To make everyone aware of the importance of girl education and the noteworthiness of empowering them.
- To make everyone aware about girl hygiene and sanitation which is very important considering the various cycles they go through.

**Coordinator of Event: Ms. Richa Bajaja**

**Report**

Department of **Information Technology** in association with **Institution Innovation Cell (IIC)** organized a “**Session on Girl hygiene & Education**” on 9<sup>th</sup> July, 2018 from 10:00 AM onwards.

The Department of Information Technology organized a Session on Girl education and hygiene in JUNPAT village (village adopted by GNIOT) on 9/07/2018 from 10:00 am onwards.

Objective of this drive was:

- To make everyone aware of the importance of girl education and the noteworthiness of empowering them.
- To make everyone aware about girl hygiene and sanitation which is very important considering the various cycles they go through.

The motive was to explain that an educated girl contributes in every field and is a fortune for her family and country. Educating a girl is not less than educating a whole family.

Hod, IT Dr. Manoj Singhal Sir shared his views regarding the Girl Education and Hygiene and inspired students to promote it at their best.

More than 50 students of 2nd and 3rd year of IT Department along with the faculty members and village authority embraced the event with their presence and spread the awareness among the local school childrens and villagers.

Many students performed and acted in the form of Nukkad Natak and the act was phenomenal.

Moderator of the event was Ms. Ricah Bajaj, she spread awareness about girl education and hygiene together. She explained that Cleanliness is vital because of the various cycles girls go through, including menstruation. Ms. Bajaj told that poor hygiene can lead to the spread of bacteria in genitals, with unfortunate repercussions.

Other mentors, faculties, co-ordinators and students were present.

The session was very fruitful and interactive.

### **The outcome of the Program**

1. Make them to understand that an educated woman has a lot of knowledge about good health care and the ability to care for her children better.
2. Girls' education will make them more independent and financially strong and less dependent on their family or husband.
3. Girl Education will help them to understand the importance of hygiene.
