## Activity Report

**Academic Year:** 2019-20

**Activity:** AYUROG EXPO 2019

**Venue:** India Expo Mart, Greater Noida

**Date of Activity:** 7-10 November 2019

### Event Report

On 9th November 2019, a group of students from the Greater Noida Institute of Technology (GNIOT) visited the AYUROG EXPO 2019, held at the India Expo Mart in Greater Noida. The four-day event was organized to showcase the latest developments in the field of Ayurveda and alternative medicine.

The students were accompanied by faculty members and were given a guided tour of the expo. They were introduced to the different exhibitors and their products and were provided with information on the various aspects of Ayurveda and alternative medicine.

The students were particularly interested in the section on Ayurvedic and herbal cosmetics, where they learned about the different ingredients used in these products and their benefits for the skin and hair. They also had the opportunity to try some of the products and interact with the exhibitors.

In addition to the exhibitions, the students also attended a seminar on the role of Ayurveda in healthcare. The seminar was led by experts in the field and provided insights into the challenges and opportunities in the field of Ayurveda and alternative medicine.

Overall, the visit to AYUROG EXPO 2019 was an enriching experience for the GNIOT students. They gained a better understanding of Ayurveda and alternative medicine and were exposed to the latest developments in the field. The visit also provided them with an opportunity to interact with experts and industry professionals, which will be beneficial for their future studies and careers.

### National Cancer Awareness Day

Date: 07.11.2019

The Electrical Engineering (EE) Department conducted a webinar to observe the National Cancer Awareness Day. This day is observed annually to highlight the significance and promote awareness about the diagnosis, treatment, and early detection of the cancer disease. According to the World Health Organization, cancer is one of the leading causes of death worldwide. In India, nearly 1.1 million new cases of cancer are reported annually.

Dr. Gaurav Mishra, MBBS, MS (Orthopedic), AIIMS, New Delhi was the key speaker of the webinar. Dr. Mishra shared his valuable thoughts about the severity of the disease and its various causes. Students of EE 2nd and 3rd years and all the faculty members attended the webinar. Mr. Aneep Kumar, Asst. Prof., EE dept. was the moderator of the webinar.

#### Outcome:

Students learnt about the following:

1. Significance of cancer awareness day
2. Promotion of diagnosis, detection, and treatment of cancer in early stage

### Summary Report: Dengue Prevention Awareness

The Computer Science & Engineering Department successfully organized "Dengue Prevention Awareness" activity in the college campus on 28-09-2019. The students were made aware of the measures and practices to prevent the spread of Dengue.

The Dengue Prevention Awareness event took place on 28<sup>th</sup> Sep, 2019 at GNIOT, Gr. Noida Campus. Dr. Vishal Sharma, the speaker at the event, discussed the seriousness of dengue fever and the measures that can be taken to prevent its spread. He highlighted the symptoms of dengue fever, including high fever, severe headache, joint pain, and rash, and emphasized the importance of seeking medical attention immediately if any of these symptoms occur. Dr. Sharma also discussed how dengue fever can lead to severe complications, such as dengue haemorrhagic fever or dengue shock syndrome, which can be life-threatening. Therefore, prevention is crucial to avoid the spread of dengue fever.

He provided information on preventive measures such as eliminating breeding sites of mosquitoes by removing stagnant water around homes, using mosquito repellent, wearing protective clothing, and installing screens on windows and doors. He also stressed the importance of community involvement in dengue prevention efforts.

Dr. Vishal also discussed various aspects of dengue prevention, including how to identify and eliminate breeding sites for mosquitoes, the importance of using mosquito repellent and protective clothing, and the signs and symptoms of dengue fever. In addition to the presentations, the event included interactive activities and demonstrations that helped to reinforce the key messages about dengue prevention. The audience was engaged throughout the event, with

many attendees asking questions and sharing their own experiences with dengue fever. The speakers provided informative and helpful responses, and attendees left the event with a better understanding of how to prevent dengue fever. The impact of the event was significant, with many attendees reporting that they planned to take action to prevent the spread of dengue fever. Some attendees also indicated that they planned to share the information they learned at the event with their friends and family.

## ANTI-DENGUE-MALARIA MEASURES

30<sup>th</sup> September 2019

*Organized by*

**Mechanical Engineering Department**

Date: 30th September 2019

Location: Village Rampur, Greater Noida

Organizers: Mechanical Engineering Department

Objective: To promote awareness about dengue and malaria prevention and control measures in the college campus and nearby area.

Activities:

- Conducted a lecture on dengue and malaria prevention and control measures for students and staff members.
- Distributed pamphlets and brochures to students and staff members to create awareness.
- Inspected the college campus and nearby areas for mosquito breeding sites.
- Sprayed insecticides in areas where mosquito breeding sites were found.
- Cleaning of the college campus and surrounding areas to prevent the accumulation of stagnant water.

Participants:

- Students, faculty & staff members of the Mechanical Engineering Department.

Outcomes:

- Approximately 30 students and staff members attended the lecture on dengue and malaria prevention and control measures.
- Pamphlets and brochures were distributed to all the attendees.
- The inspection of the college campus and nearby areas helped to identify potential mosquito breeding sites.
- Spraying of insecticides helped to control the mosquito population.
- Cleaning of the college campus and surrounding areas helped to prevent the accumulation of stagnant water.

Conclusion: The "Anti-Dengue-Malaria Measures" activity organized by the Mechanical Engineering Department, GNIOT, Gr. Noida was a great success. It not only helped to promote awareness about dengue and malaria prevention and control measures but also helped to identify potential mosquito breeding sites and control the mosquito population in the college campus and nearby areas. This event was successfully organized under the guidance of our Director Prof. (Dr.) Rajesh Goel, HOD Mechanical Prof. (Dr.) Sudhir Kumar, Dy HOD Mr. Gagan Varshney, and other faculty members. The activity was coordinated by Mr. Grindra Bhati.

**Report on Dengue-Malaria Awareness Program Conducted by the  
department of Electronics and Communication Engineering in Begampur  
Village: "Stop Mosquitoes stop Dengue and Malaria"**

The Electronics and Communication (ECE) Department conducted a Dengue-Malaria Awareness Program on 21st October 2019 in Begampur Village, with the aim of creating awareness about the prevention and control of Dengue and Malaria, two prevalent mosquito-borne diseases in the region. The tagline for the program was "Stop Mosquitoes, Stop Dengue and Malaria," which emphasized the importance of mosquito control in preventing the spread of these diseases.

The program started with an informative session with insights about the causes, symptoms, and preventive measures of Dengue and Malaria. He emphasized the importance of maintaining cleanliness and adopting preventive measures to control mosquito breeding and bite prevention, including the use of mosquito nets and repellents, and the elimination of stagnant water.

After the presentation, the participants, including students, faculty members, and staff from the ECE Department, engaged in interactive discussions and practical demonstrations related to Dengue and Malaria prevention. This included demonstrations on the correct usage of mosquito nets, the importance of maintaining clean surroundings to prevent mosquito breeding, and the proper disposal of waste to avoid mosquito breeding sites.

During the program, participants expressed their thoughts on the significance of Dengue and Malaria prevention in their community. Here are some quotes from notable individuals:

1. Mr. Ankit Jayant, a faculty member from the ECE Department, shared, "Preventing Dengue and Malaria is a collective effort that requires the participation of the entire community. It is important to educate ourselves and others about the importance of mosquito control measures, and take necessary steps to prevent mosquito breeding in our surroundings."
2. Mr. Rahul Roy, a student from the ECE Department, said, "Dengue and Malaria are serious diseases that can have severe consequences on our health and well-being. It is crucial to raise awareness about mosquito control measures and adopt preventive practices to protect ourselves and our communities from these diseases."

The program concluded with a pledge by all the participants to actively participate in Dengue and Malaria prevention efforts and spread awareness about the importance of mosquito

control in their communities. The event received positive feedback from the villagers of Begampur, who appreciated the efforts of the ECE Department in raising awareness about Dengue and Malaria prevention and control.

Date: 08<sup>th</sup> November 2019 (Friday) at 10:00 AM

Location: GNIOT and nearby area, Greater Noida

Organizers: Mechanical Engineering Department

Objective: To promote proper waste management practices and cleanliness in GNIOT.

Activities:

- Cleaning of the GNIOT campus.
- Segregation of waste into recyclable and non-recyclable materials..
- Awareness campaign on the importance of waste management and cleanliness.

Participants:

- Students, faculty & staff members of the Mechanical Engineering Department.

Outcomes:

- A total of 30 volunteers participated in the activity.
- Approximately 55 kg of waste was collected and disposed of properly.
- The GNIOT campus was left clean and hygienic.
- The initiative helped to create awareness among the local community about the importance of proper waste management and cleanliness.

Conclusion: The Waste Management activity organized by the Mechanical Engineering Department, GNIOT Gr. Noida was a great success. It not only helped to promote proper waste management and cleanliness but also created awareness among the local community about the importance of keeping our surroundings clean. We hope that such initiatives will continue in the future, and more people will join us in our efforts to promote a clean and hygienic environment. ### Report on an event "Swachh Bharat"

The Computer Science & Engineering Department successfully organized "Swachh Bharat" activity in the college campus on 30-11-2019. The students were made aware to observe habits of cleanliness in and around their college and residences.

The "Swachh Bharat" activity was held on 30-11-2019 in the college campus with the aim of promoting cleanliness and hygiene among students and staff members. The event was organized by GNIOT, Greater Noida and was attended by several volunteers, including students, faculty members, and support staff.

The event began with a brief introduction by the organizers, who explained the importance of cleanliness and hygiene and the impact it has on the environment and overall health. They also provided some information about the activities that would be conducted during the event.

After the introduction, the volunteers began cleaning the college campus. They worked in groups, with some volunteers picking up litter, others sweeping the floors, and others cleaning the washrooms and other areas of the campus. The volunteers worked tirelessly for several hours, and by the end of the event, the entire campus had been cleaned.

During the event, there were also several educational activities for attendees. These included information about the benefits of cleanliness and hygiene and the importance of proper waste disposal. There were also several interactive games and quizzes to help educate attendees about the importance of cleanliness and hygiene.

एक कदम स्वच्छता की ओर

The "Swachh Bharat" activity was a great success, with many attendees expressing their appreciation for the opportunity to contribute to the cleanliness of the college campus. The organizers should be commended for their efforts in organizing such an important event.

### Report on Hygiene maintenance

The Computer Science & Engineering Department successfully organized a "Hygiene Maintenance" activity in the college campus on 20-12-2019. The students got to learn general hygienic practices in their day to day lives, and observe such practices around themselves.

The "Hygiene Maintenance" activity was organized in the college campus on 20-12-2019 with the aim of promoting cleanliness and hygiene among the students and staff. The event was organized by the college administration and was attended by several students and staff members.

The event started with a cleanliness drive where participants were divided into groups and assigned different areas of the campus to clean. The groups were provided with cleaning equipment and were given instructions on how to clean the designated areas properly.

After the cleanliness drive, there was a session on personal hygiene where a guest speaker gave a talk on the importance of personal hygiene and the steps

that individuals can take to maintain good hygiene. The speaker also talked about the impact of poor hygiene on health and the measures that can be taken to prevent the spread of diseases.

There was also a demonstration on proper hand-washing techniques, where participants were shown the correct way to wash their hands to prevent the spread of germs and bacteria. During the event, there were several interactive activities and games related to hygiene and cleanliness. The participants were encouraged to share their ideas and experiences related to hygiene and cleanliness.

Overall, the "Hygiene Maintenance" activity was a great success, with many participants expressing their appreciation for the opportunity to learn about the importance of hygiene and cleanliness. The event helped to promote awareness about the importance of maintaining cleanliness and hygiene, and it is hoped that the participants will continue to practice good hygiene habits even after the event is over.

# HEALTH AWARENESS

**“Yoga: A way of making you mentally, spiritually and physically sound”**

Yoga is a discipline and meditation which needs to be practiced physically, mentally, and spiritually. It was originated in the ancient India however being practiced all over the world in many countries. Now-a-days, broad variety of Yoga is practiced by the students in many schools and colleges. It is the most important means of meditation for the people in Hinduism, Buddhism, Jainism and other religions.

With this thought **MCA department** participated in Yoga Session organized by **GNIOT GROUP OF INSTITUTIONS** for Faculties, Staffs and Students. We at GNIOT GROUP OF INSTITUTIONS believe that yoga is the incorporation of meditation and breathing can help improve a person's mental well-being. With this aim in mind, the event took place at GNIOT GROUP OF INSTITUTIONS play ground on 2<sup>nd</sup> March 2020.

### **Outcome of the Event:**

Participants at the program were encouraged to incorporate healthy habits and also take various preventive measures so that in the upcoming times they can stay safe and sound. In addition, people present there are also spurred to boost up their daily nutrition intake. They are also given information on how to integrate and maintain hygiene in their lifestyle. This program is focused towards addressing issues of personal health care, vaccination, hygiene, and illness prevention
