To

GNIOT Group of Institutions

Greater Noida - 201310

Respected Chairman Sir,

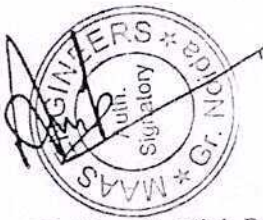

GNIOT, for me, is more than an Institution. It has provided me with brilliant and priceless academic and personal experiences.

I am glad to inform you that with your blessings and GNIOTians' guidance, I am successfully running an organization & it is keep growing. I am very enthusiastic about collaborating with GNIOT.

College students are engaged in several research projects, and they require many instruments to complete them successfully. In order to help the students expand their knowledge and obtain priceless experience that will be essential for their future professions, I wish to give them some equipment. I believe that by being compassionate I will enable these students to realise their full potential and contribute significantly to society.

Below are the types of equipments.

1. Electromagnetic Flow Meter
2. Ultrasonic Level Transmitter

Thanks with High Regards,
Aman Jain

Sub- IIIOT Contribution –IOT and Video Analytics Equipment

Dear Chairman Sir,

GNIOT is an Institution of Knowledge and creating leaders who are helping society for better goods. Together with faculty, admin, and support staff, we have gained invaluable acquaintance which are growth drivers for creating more future leaders.

As part of our courtesy and small gesture, we would like to contribute technological equipment related to IOT and Video Analytics. The equipment along with the software will help students from different engineering departments to gain industry experience by implementing different industry use cases.

Equipment Name

- Thermal camera with Video Analytics Software
- IoT Gateway with software
- IR to IP Sensor, Thermal Sensor, and others

Our best wishes to the Institute for its contribution in making a sustainable society and country.

Thanking you.

Anup Kumar
