**Report on "Hygiene Maintenance" Conducted by Electronics and Communication Department in Kondlu Village: "Take care of your body. It's the only place you have to live."**

The Electronics and Communication (ECE) Department organized a hygiene maintenance program on 9th October 2020 in Kondlu Village, with the aim of creating awareness about the importance of personal hygiene and sanitation practices for a healthy lifestyle. The program focused on the quote, "Take care of your body. It's the only place you have to live," highlighting the significance of maintaining good hygiene for overall well-being.

The event started with a presentation on various aspects of personal hygiene, including hand hygiene, oral hygiene, cleanliness, and sanitation. She emphasized the importance of maintaining good hygiene practices in our daily lives to prevent the spread of diseases and promote a healthy lifestyle.

Following the presentation, the participants, which included faculty members, students, and staff from the ECE Department, engaged in various interactive sessions and practical demonstrations related to hygiene maintenance. These included proper handwashing techniques, oral hygiene practices, proper waste disposal methods, and the importance of clean surroundings.

During the program, several participants shared their thoughts on the importance of hygiene maintenance in their lives. Here are some quotes from notable individuals:

1. Ms. Sonika Saini, a faculty member from the ECE Department, shared, "Personal hygiene is crucial in preventing the spread of infectious diseases, especially in times like these when hygiene has become even more important. It is our duty to educate ourselves and others about the significance of maintaining good hygiene practices."
2. Ms. Nandita Rai, a student from the ECE Department, said, "Good hygiene practices are essential for our physical and mental well-being. It is our responsibility to take care of our body and maintain proper hygiene to stay healthy and prevent the spread of diseases."
3. Mr. Harsh Deol, a student from the ECE Department, stated, "Hygiene maintenance is not just about personal cleanliness, but also about keeping our surroundings clean and promoting sanitation practices. It is important to create awareness and take actions to ensure a clean and healthy environment for ourselves and our community."

The program concluded with a pledge by all the participants to incorporate good hygiene

practices in their daily lives and spread awareness about the importance of hygiene maintenance in their communities. The event received positive feedback from the villagers of Kondlu, who appreciated the efforts of the ECE Department in promoting hygiene awareness and education.

# HEALTH AWARENESS

(The Yoga-21<sup>st</sup> June 2021)

**“Yoga is not a religion. It is a science, science of well-being, science of youthfulness, science of integrating body, mind and soul.”**

Yoga is a discipline and meditation which needs to be practiced physically, mentally, and spiritually. It was originated in the ancient India however being practiced all over the world in many countries. Now-a-days, broad variety of Yoga is practiced by the students in many schools and colleges. It is the most important means of meditation for the people in Hinduism, Buddhism, Jainism and other religions.

With this thought **MCA department** participated in International Yoga Day organized by **GNIOT GROUP OF INSTITUTIONS** for Faculties, Staffs and Students. We at **GNIOT GROUP OF INSTITUTIONS** believe that yoga is the incorporation of meditation and breathing can help improve a person's mental well-being. With this aim in mind, the event took place at **GNIOT GROUP OF INSTITUTIONS** auditorium on 21st June 2021. International Yoga Day motivates you toward healthy eating and improves the metabolic system of the body.

### **Outcome of the Event:**

Participants at the program were encouraged to incorporate healthy habits and also take various preventive measures so that in the upcoming times they can stay safe and sound. In addition, people present there are also spurred to boost up their daily nutrition intake. They are also given information on how to integrate and maintain hygiene in their lifestyle. This program is focused towards addressing issues of personal health care, vaccination, hygiene, and illness prevention.
