Department of MCA

PLANTAION DRIVE (2018)

“To exist as a nation, to prosper as a state, to live as a people, we must have trees.”

Trees are the most benevolent givers in nature. They play an extremely important role in giving life and sustaining it, as a whole, as well as maintaining a balance in the eco-system. This makes it crucial for us to understand how significant trees are to our life on earth and what we can do to counter the problem of their depleting numbers and all the additional challenges that come with it.

The Department of MCA has been organized the Tree Plantation Drive on 22nd April 2018 in occasion of “**Earth Day**” at GNIOT GROUP OF INSTITUTIONS campus under the Social Club. Considering the concept of “**Plant a tree today for a better tomorrow**”, the drive has been executed in presence of respected director Dr. Dhiraj Gupta, Faculty members, Staffs and Students of MCA 1st Year and 2nd Year.

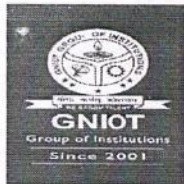

Outcome of the Event:

Participants were highly energetic to make the event a big success. A spirit of teamwork, exchange of ideas and enthusiasm of the participants especially among the students could be seen. The students and teachers planted saplings and fenced them and watered the plants.

Date of Event: Wednesday, 06th June, 2018

Venue: Junpat Village, Greater Noida

Event Moderator: Mr. Shashikant

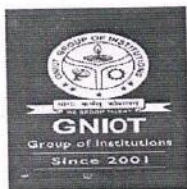

Organised by: Department of Civil Engineering

Several villagers in the fringes of Rampur Bhangar, Jewar Block, Greater Noida are open defecating. This lack of proper sanitation leads to negative impacts in the health of public, and may also lead to various diseases such as typhoid, diarrhea, intestinal infection, cholera and many others. The nearby water sources are also getting polluted because of the defecation done near it.

The need arises because of lack of infrastructure, unsafe and risky toilets which are poor in quality and lacks privacy, some of the villagers prefer being in nature or are not aware of the adverse effects because of it. Therefore, the need of the hour is to provide better facility as much as possible to reduce open defecation and educate them about the adverse effects.

GREATER NOIDA INSTITUTE OF TECHNOLOGY CIVIL ENGINEERING DEPARTMENT

The villagers are to be provided with type of toilet that treats human waste by biological process and reduces the fecal contamination. The role of Greater Noida Institute of Technology was to analyze the area where maximum open defecation is observed and provide bio-toilets near them. A team of faculty and students reached the villagers and make them aware about the adverse effects of open defecation, the benefit of using bio- toilet.

Here, the human waste or excreta goes to the bio digester tank which is filled with one third of the bacteria. The anaerobic bacteria decompose the human waste and converts it into CO₂, methane gas and water. The surface of the tank is increased by providing modules or chambers in the digester to increase the digestion. The grey water coming as an effluent can be used for irrigation purposes.

Important Dimensions, Volume of Bio-digester Tank & Materials required: 1. Length - 1150 mm 2-Width - 720 mm, 3. Height – 540 mm 4. Total Volume of Tank – 400 liters. 5. Effective Volume of Tank – 300 liters.

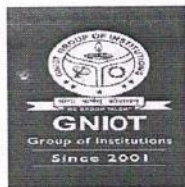

The main parts of the Bio digester tank consist of:

1. Tank with partition walls inside the tank.
2. Poly grass mats for protection of bacteria inside the walls.
3. Ball valve with handle for operation for making toilet direct discharge in case of choking.

Benefits from the Event:

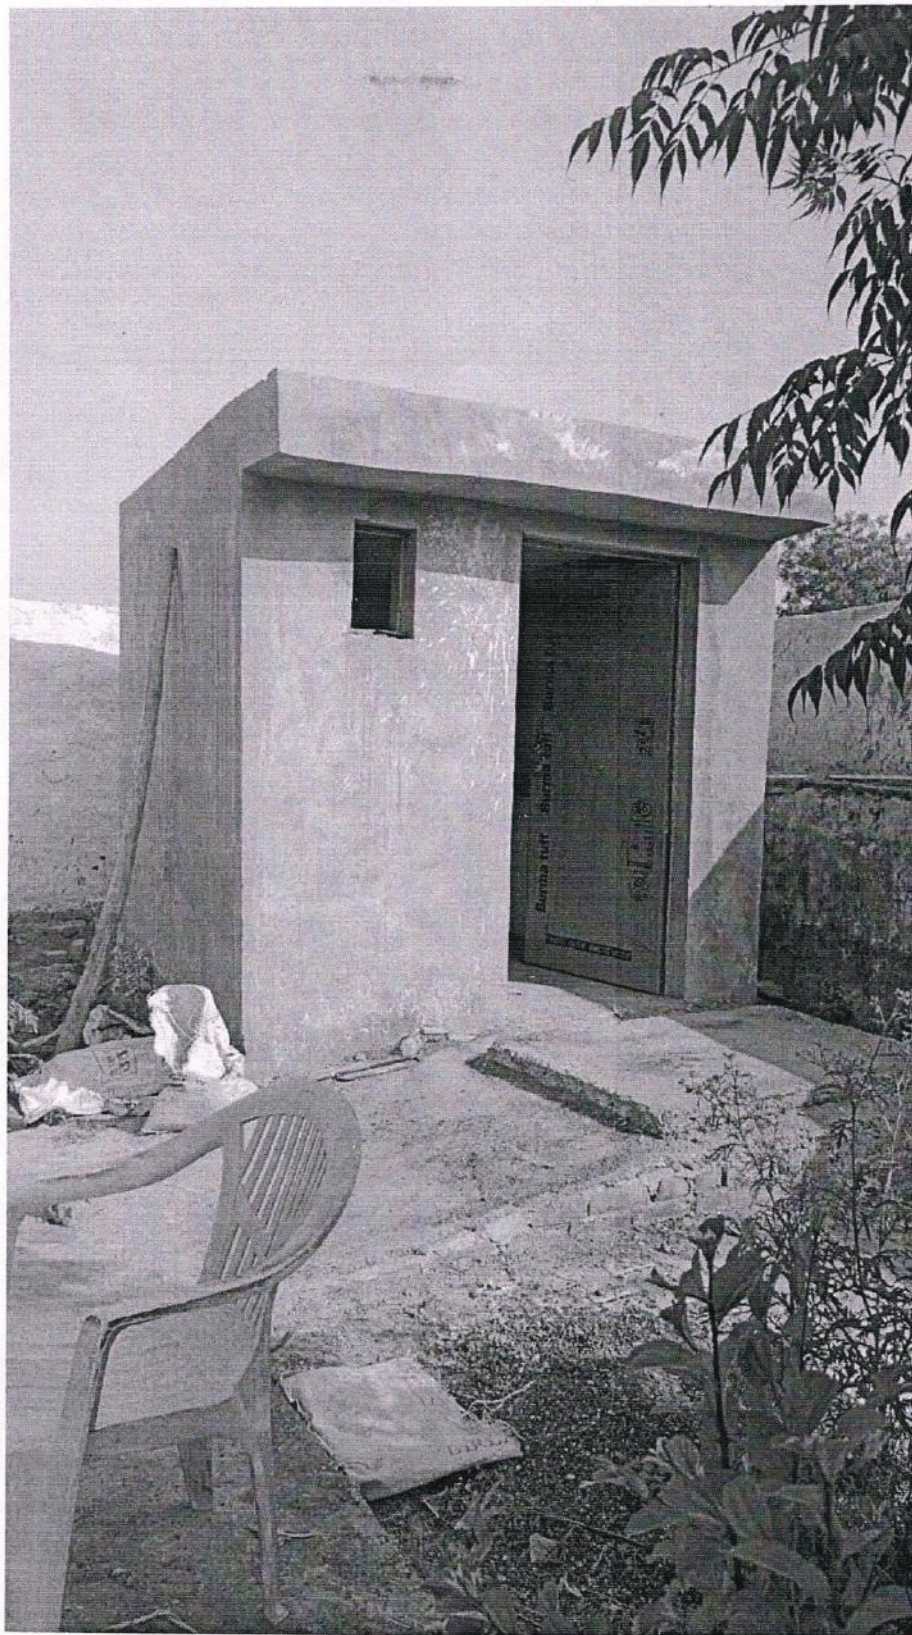

- The proposed Bio-Toilet will lead to improved hygiene among villagers
- Health and mortality of the villagers will improve
- Aesthetics of the village will improve

Outcome of the event:

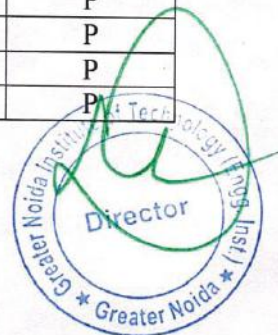

Financial Resources: The final price per module comes out to be Rs. 28,500 as per the requirement in the village.

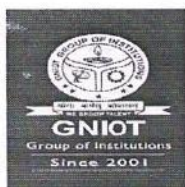

The following is the expected outcome of the Bio-Toilet Talk:

- Better hygiene of the villagers and less polluting of water sources. Meeting Health & sanitation requirements of the villages.
- Providing low-cost, high-quality manure for the crops – substitute for costly chemical fertilizers.
- Better educated and aware villagers will ensure proper sanitation and discipline.

Report on an event Waste Management

The Computer Science & Engineering Department successfully organized a "Waste Management" activity in the college campus on 19-02-2021. Dr Shiv Kumar, Professor, JIMS Engineering Management Technical Campus discussed about various environmental issues that are related to unscientific disposal of solid waste.

The main motto of this program is to bring the awareness among the students. In many places just like that they are pouring waste beside of canals and roads so in order to overcome these problems. We have discussed new techniques in the meeting on different waste management processes. Students and faculty members were attended for this program.

19-02-2021

ESSAY ON WASTE MANAGEMENT

The improper disposal of municipal waste has a serious and dangerous impact on a wide range of areas. Garbage thrown in the street or in open spaces creates a public health hazard, while waste dumped near rivers, lakes and streams contaminates the water supply. Rubbish that is burned in the open rather than disposed of properly creates pollution and releases toxic fumes into the environment. Non bio degradable

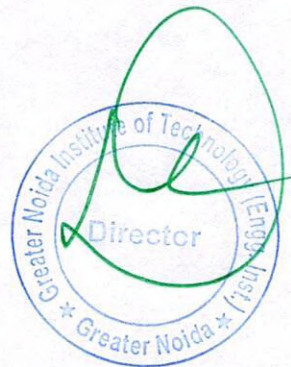

materials thrown into open drains make their way into the sewerage system, clogging pipelines and damaging infrastructure. The hazards posed by the dumping of untreated hospital and industrial waste are even greater, with the release of pathogens and toxic compounds posing a grave threat not just to human life but also to plants and animals. Garbage dumped in the countryside is not simply an eyesore; entire landscapes are ruined and unique habitats for flora and fauna are lost.

Prof. Shiv also highlighted the various technologies that are being used for scientifically disposing the solid waste. He discussed about sanitary landfills, incineration, and pyrolysis mainly. Further, present scenario of waste management in India was also discussed by him.

He concluded the talk with an interactive session with the students. The outcome of the activity was that students got to learn and develop habits to dispose of waste properly, and not litter around in campus and the areas near their residences.

“TREES ARE THE ROOTS OF OUR EXISTANCE”

30th September 2021

Organized by

Electronics and Communication Engineering Department

Report on "Tree Plantation" Conducted by Electronics and Communication Department in Astauli Village: "Trees are the roots of our existence."

The Electronics and Communication (ECE) Department organized a tree plantation drive on 30th September 2021 in Astauli Village, as part of their commitment towards environmental conservation and sustainability. The event aimed to promote the importance of trees in our ecosystem and create awareness about the need for tree plantation for a greener and healthier environment.

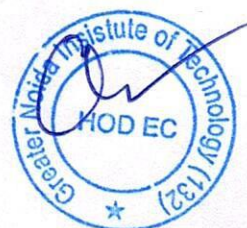

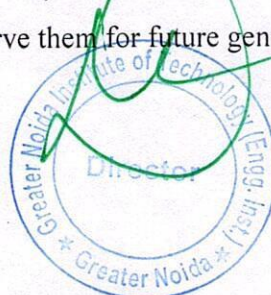

The quote, "Trees are the roots of our existence," served as the central theme of the program, highlighting the crucial role that trees play in maintaining the balance of our ecosystem and supporting life on Earth. The participants included faculty members, students, and staff from the ECE Department, who actively participated in the tree plantation drive.

The event started with a brief introduction by the Head of the ECE Department, who emphasized the importance of trees in mitigating climate change, conserving biodiversity, and providing various ecosystem services. He encouraged the participants to actively contribute to tree plantation efforts and promote sustainable environmental practices.

Following the introduction, the participants planted saplings of different native tree species in and around Astauli Village. The saplings were carefully chosen based on their suitability to the local climate and soil conditions, and were planted in designated areas such as parks, schools, and public spaces. The participants were also educated about the proper techniques of tree plantation, including digging the right-sized pit, watering, and mulching, to ensure the survival and growth of the saplings.

During the event, several participants shared their perspectives on the importance of tree plantation in our lives. Here are some quotes from notable individuals:

1. Mr. Vivek Kumar, a student from the ECE Department, said, "Trees are not just a source of oxygen, but also a habitat for various birds, animals, and insects. Through this tree plantation drive, we aim to create a greener environment and promote biodiversity conservation. Trees are our lifeline."
2. Dr. Pooja Saxena, a faculty member from the ECE Department, shared, "Tree plantation is a crucial step towards mitigating climate change and conserving our natural resources. Trees provide us with clean air, clean water, and a healthy environment. It is our responsibility to protect and preserve them for future generations."

The event concluded with a pledge by all the participants to continue promoting tree plantation efforts and taking care of the planted saplings. The event received positive feedback from the villagers of Astauli, who appreciated the efforts of the ECE Department in promoting environmental conservation and sustainability.

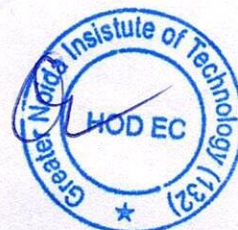

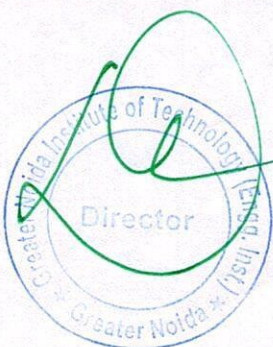

In conclusion, the tree plantation drive conducted by the Electronics and Communication Department in Astauli Village on 30th September 2021 aimed to promote the importance of trees in our ecosystem and create awareness about the need for tree plantation for a greener and healthier environment. The event emphasized the role of trees as the roots of our existence and the need to protect and preserve them for a sustainable future. The active participation of the ECE Department and the engagement with the villagers showcased their commitment towards environmental conservation and their efforts to create a greener and healthier environment.

Tree Plantation Drive

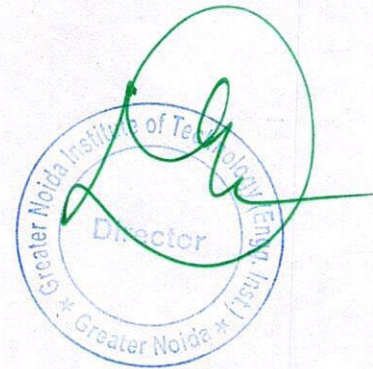

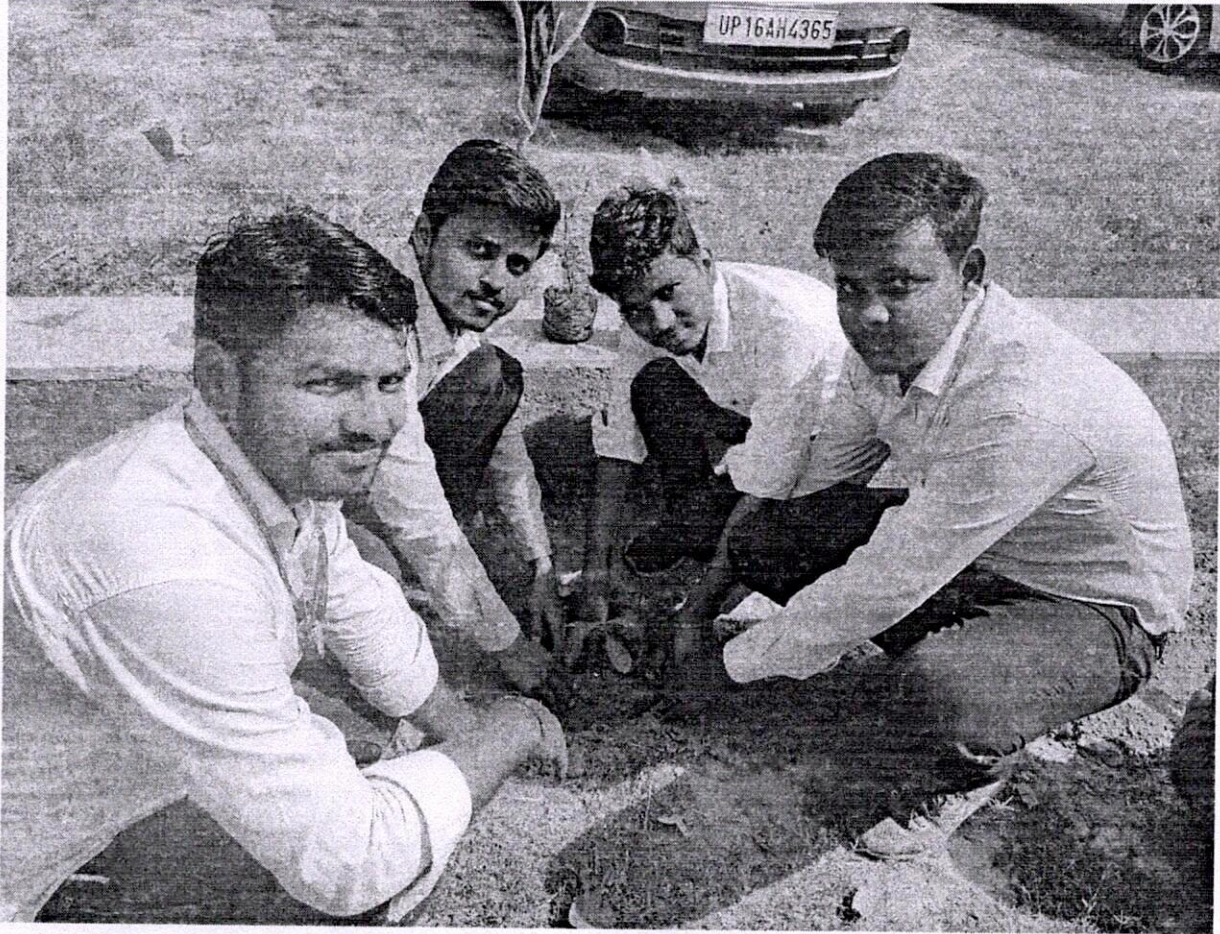

Date: 06/10/2021

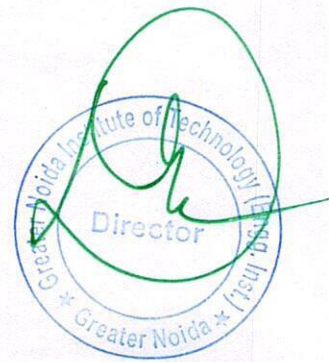

Seeking the auspicious blessings of our chairman sir, Sh. Rajesh Gupta ji and supported by the constructive efforts of Dr. Pranveer Singh, Director General, GNIOT group of institutions and Dr. Dheeraj Gupta, Director, GNIOT, the Electrical Engineering (EE) Department, GNIOT successfully conducted a "Plantation Drive" at the Office of the honorable DM, Gautam Buddha Nagar on 06.10.2021. The "Plantation Drive" was made a huge success by the cordial cooperation of Sh. Dewakar Singh, ADM, Gautam Buddha Nagar. Driven by the charismatic mentorship of Dr. Nikhil Gupta, HOD, EE department, and all the students as well as faculty members of the EE department ecstatically participated in the drive.

Outcome:

The students participated in the tree plantation activity by which they learnt the importance of tree plantation. They learnt about how trees help to clean environment, reduce global warming, and provide green cover to the planet earth.

ACTIVITY REPORT

Waste Management

18th November 2021

Organized by

Mechanical Engineering Department

Date: 18th November 2021

Location: Village Khedi Banota and nearby locations

Organizers: Mechanical Engineering Department, GNIOT, Gr. Noida

Objective: To promote proper waste management practices and cleanliness in the Village Khedi Banota and nearby locations.

Activities:

- Cleaning of the village and surrounding areas.
- Segregation of waste into recyclable and non-recyclable materials.
- Proper disposal of waste.
- Awareness campaign on the importance of waste management and cleanliness.

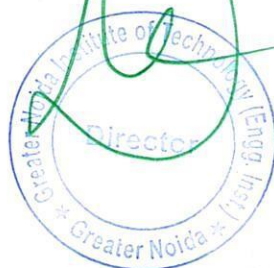

Participants:

- Students, faculty and staff members of the Mechanical Engineering Department.

Outcomes:

- A total of 30 volunteers participated in the activity.
- Approximately 50 kg of waste was collected and disposed of properly.
- The village and surrounding areas were left clean and hygienic.
- The initiative helped to create awareness among the local community about the importance of proper waste management and cleanliness.

Conclusion: The Waste Management activity organized by the Mechanical Engineering Department, GNIOT Gr. Noida was a great success. It not only helped to promote proper waste management and cleanliness but also created awareness among the local community about the importance of keeping our surroundings clean. We hope that such initiatives will continue in the future, and more people will join us in our efforts to promote a clean and hygienic environment. This event was successfully organized under the guidance of our Director Prof. (Dr.) Dhiraj Gupta, HOD Mechanical Prof. (Dr.) Iqbal Ahmad Khan, Dy HOD Mr. Gagan Varshney, and other faculty members. The activity was coordinated by Mr. G. S. Bhati.

Clean-A-Thon Drive

Date: 25/11/2021

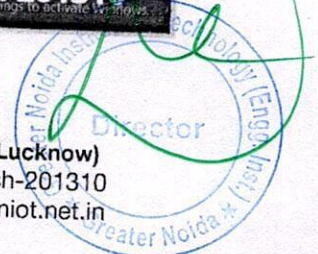

The Electrical Engineering (EE) department successfully and enthusiastically conducted the Clean-a-thon drive in the premises of the Greater Noida Authority, Greater Noida on 25.11.2021. Bolstered from the indelible efforts of the Honorable Management of the GNIOT and Dr. Dheeraj Gupta, Director, GNIOT (Engineering Institute), the drive proved to be a pivotal event. Mentioning too the restless endeavors of Dr. Nikhil Gupta, HOD, EE department because of which the drive could become a success. All the noteworthy faculty members and students of the EE department participated in the drive with full zeal. At the last, thanks to Mr. Anupam Kumar, Deputy Registrar, Greater Noida Authority, for his vital support in making the event successful.

Outcome:

Through this drive, the students knew the importance of cleanliness. They learnt that the living surroundings should be neat and clean to create an ambiance of learning.

“CLEAN INDIA MAKE INDIA CLEAN! SWACCH INDIA,
CLEAN INDIA!”

3rd December 2021

Organized by

Electronics and Communication Engineering Department

Report on "Swachh Bharat Abhiyan" Conducted by Electronics and Communication Department in Rohillapur Village: "Clean India makes India clean! Swachh India, clean India!"

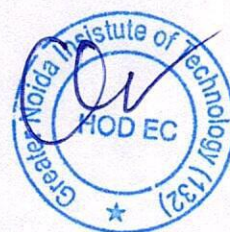

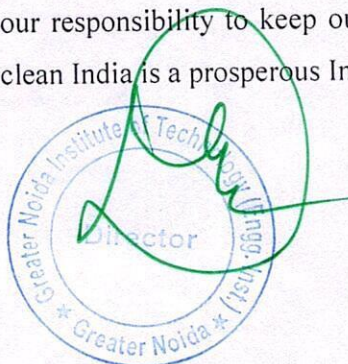

The Electronics and Communication (ECE) Department organized a "Swachh Bharat Abhiyan" program on 3rd December 2021 in Rohillapur Village, as part of the nationwide cleanliness campaign initiated by the Government of India. The event aimed to promote cleanliness and sanitation practices among the villagers and create awareness about the importance of keeping the surroundings clean for a healthier and cleaner India.

The quote, "Clean India makes India clean! Swachh India, clean India!" served as the central theme of the program, emphasizing the need for cleanliness in the community for a better and healthier environment. The participants included faculty members, students, and staff from the ECE Department, who actively participated in the cleanliness drive and awareness activities.

The event began with a motivational speech by the Head of the ECE Department, who highlighted the significance of cleanliness in maintaining good health and well-being. He urged the participants to actively participate in the cleanliness drive and spread awareness about the importance of cleanliness in their daily lives.

Following the speech, the participants conducted a cleanliness drive in and around Rohillapur Village. They cleaned the streets, public areas, and nearby surroundings, including parks, schools, and markets. They also distributed pamphlets and posters with key messages on cleanliness and sanitation practices, such as proper waste disposal, clean food handling, and maintaining clean surroundings, to the villagers.

A student from the ECE Department, said, "Cleanliness is not just a government campaign, but a way of life. Through this Swachh Bharat Abhiyan, we aim to create awareness about the importance of cleanliness in our community. Clean surroundings lead to a healthier and happier community." Mr. Pavel Saini, a faculty member from the ECE Department, shared, "Swachh Bharat Abhiyan is not just about cleaning our surroundings but also about changing our mindset towards cleanliness. It is our responsibility to keep our environment clean and promote cleanliness as a way of life. A clean India is a prosperous India."

The event concluded with a pledge by all the participants to continue promoting cleanliness and sanitation practices in their daily lives and encouraging others to do the same. The event received positive feedback from the villagers, who expressed their gratitude to the ECE Department for organizing the Swachh Bharat Abhiyan program in their village.

In conclusion, the "Swachh Bharat Abhiyan" program conducted by the Electronics and Communication Department in Rohillapur Village on 3rd December 2021 aimed to promote cleanliness and sanitation practices in the community. The event focused on creating awareness about the importance of cleanliness and engaging with the villagers to promote a cleaner and healthier India. The active participation of the ECE Department and the engagement with the villagers showcased their commitment towards the Swachh Bharat Abhiyan and their efforts to create a cleaner and healthier environment.

A report on Swachh Bharat Abhiyaan

The department of MCA contributed in the GOI mission Swachh Bharat Abhiyaan by organizing an outreach activity on 6 December, 2021 from 12:00 pm onwards. 20 students of the MCA formed two teams, spotted the location in the GNIOT campus and its neighborhood where the cleaning is required. Afterwards, students took the initiative, held the broom and cleaned the location. They also put the litter (e.g., wrappers) in the dustbin and created the awareness for the importance of the cleaned environment. Ms. Shallu mall was the moderator of the event. Special thanks to Dr. Sheesh Kumar Sharma (HOD of MCA) and respected Director Dr. Dhiraj Gupta.

Outcome of the Event:

Students realized the importance of maintaining their city a clean city like their homes.

07 September, 2022

Dear Dr Gupta ji,

It is indeed a matter of great privilege for me to inform you that the Ministry of Jal Shakti, Government of India is organizing 7th India Water Week – 2022 (IWW-2022) during 1-5 November 2022 at India Expo Center, Greater Noida, adjacent to National Capital Region, Delhi.

We are pleased to inform you that, Organising Committee of India Water Week-2022 has decided to set up a dedicated zone for Start-Ups and Innovators in the exhibition area of the event (IWW-2022) to extend the opportunities for showcasing the Skills/ technologies/ innovations etc. of students/ scholars of academic institutes.

The main objective of India Water Week is to provide a forum for various stakeholders namely; policy makers, water managers, professionals, academia and the user groups from different sections of the society wherein all water related issues are discussed and measures are identified to address sustainable water security challenges. The theme for IWW-2022 is “Water Security for Sustainable Development with Equity” focusing on various aspects of water security and related challenges for equitable development.

The exhibition of the event provides a unique opportunity for showcasing the technologies, latest developments and solutions available in various fields of water management. The exhibition would spread over an area of about 3,500 square metres and is co-located with the IWW-2022 at India Expo Center, Greater Noida.

I would request you to kindly make use of this opportunity and participate in the exhibition by showcasing the Skills/ technologies/ innovations etc. of students/ scholars of your premier institute. The charges for exhibition space for the institutions shall be waived off.

It is further requested to depute the faculty, research scholars and students of your institute to participate in the event and visit the exhibition during the event from 2-5 November, 2022. A dedicated slot shall also be allocated to your institute for the visit.

Press Release of Ist day of 7th India Water Week 2022

The 7th India Water Week was graced and inaugurated by Hon'ble President Smt. Droupadi Murmu, in the august presence of Hon'ble Governor, Uttar Pradesh Smt. Anandiben Patel, Hon'ble Chief Minister, Uttar Pradesh, Shri Yogi Adityanath, Hon'ble Union Minister of Jal Shakti Shri Gajendra Singh Shekhawat, Hon'ble Ministers of State for Jal Shakti Shri Prahlad Singh Patel, and Shri Bishweswar Tudu at India Expo Centre, Greater Noida on 01.11.2022. Shri Pankaj Kumar, Secretary, DoWR, RD&GR, Ministry of Jal Shakti welcomed all the dignitaries for the 7th India Water Week.

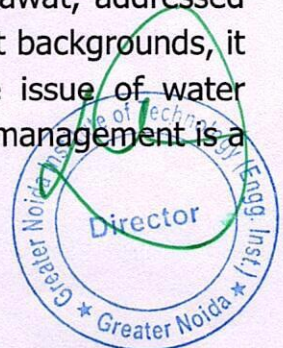

The event commenced with the auspicious ceremony of "Jal Bhara" by our Hon'ble President Sh. Droupadi Murmu and Dignitaries present in the dias by pouring water into the vessel, strengthening the vision of Jal Shakti. This ceremony symbolized the immense importance of water conservation.

Hon'ble President of India, Smt Droupadi Murmu, praised the initiative of Ministry of Jal Shakti in safeguarding precious water. Mentioning water as a vital resource for life, she discussed the relevance of saving water for a future-secure Nation. In her inspirational address to the conclave, she accentuated that these five daylong events will embrace key players and address the issue of water security.

Hon'ble Governor of Uttar Pradesh, Smt. Anandiben Patel, stated that we need to march ahead in the field of water conservation, and make sure that the future of our children is water secured.

Hon'ble CM of Uttar Pradesh, Yogi Adityanath, graced the event with his esteemed presence and praised the successful commencement of the 7th India Water Week - 2022. With his valuable insights, he enlightened and motivated the arena towards water security. He reverberated the noble message of 'Jal Hai Toh Jeewan Hai' and mentioned that State of UP has an adequate water supply of ground and surface water.

Hon'ble Minister of Jal Shakti, Shri Gajendra Singh Shekhawat, addressed the conclave, and emphasized that despite coming from different backgrounds, it is worth noting that we all join hands today to address the issue of water conservation. He stated that the issue of water conservation, its management is a

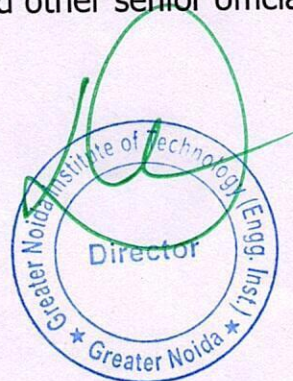

holistic and global effort. The event of India water week is a unique effort to bring together these insights on one platform. Further, he declared the vision of ensuring 100% water availability across the country by 2024 and urged the citizens to join the movement and escalate Jal Shakti for a water-secure India.

Smt. Akli Tudu, Water Warrior, Jharkhand & Smt. Hira ben, Water Warrior, Bhuj, Gujarat narrated their experience in water conservation in their areas citing various initiatives, cases of rejuvenation and crops raised in the command areas.

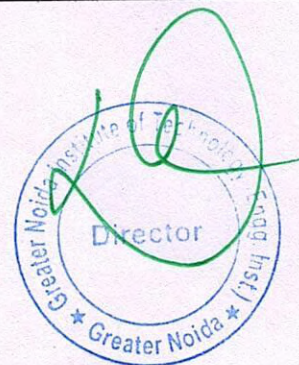

The Plenary session was held under the chairmanship of Shri Gajendra Singh Shekhawat, Hon'ble Union Minister for Jal Shakti. H.E. Mr. Shoimzoda Jamshed, Hon'ble First Deputy Minister of Energy & Water Resources, Republic of Tajikistan, HE Eng. Maryprisca Winfred Mahundi, Hon'ble Dy. Minister of Water, Tanzania, Dr. Asit K. Biswas, Visiting Distinguished Prof. University of Glasgow, Shri A.D. Mohile, Former Chairman, Central Water Commission, Shri Mark Smith, Director General, IMWI took part in the session and expressed their views on the water security and conservation and the challenges in climate change, etc. The deliberations emphasised the strategies for water development and its management in the evolutionary process, concern of water security, conducting serious reviews of water related security concerns after scientific analysis, implementation of action plan, so that water can be proved to be an agent for peace instead of water wars.

Thereafter, H.E. Mr. Shoimzoda Jamshed, Hon'ble First Deputy Minister of Energy & Water Resources, Republic of Tajikistan, HE Eng. Maryprisca Winfred Mahundi, Hon'ble Dy. Minister of Water, Tanzania inaugurated the Exhibition at the 7th edition of India Water Week 2022 in the gracious presence of Hon'ble Union Minister of Jal Shakti Shri Gajendra Singh Shekhawat and other senior officials.

Summary Report of Swachh Bharat Event

Event date : 14th Jan 2022.

The Computer Science & Engineering Department successfully organized "Swachh Bharat" activity in the college campus on 14-01-2022. The students were made aware to observe habits of cleanliness in and around their college and residences. Swachh Bharat Abhiyan's cleanliness campaign was run at a national scale and encompassed all cities, districts, at both rural and urban levels. It has acted as a wonderful campaign to make people aware of the value of cleanliness. With the Swachh Bharat campaign being observed all over India, GNIOT College has joined the vision of India's Prime Minister Narendra Modi and contributing their part in spreading the message of cleanliness and taking an active part in cleanliness drives.

On the day of the event held on 14th January 2022, the volunteers along with their fellow students spread awareness through the college campus and interacted on stopping the use of Single-use plastics (SUPs) as an effort to

ensure a clean and green campus. As well as the environment outside the campus.

UNNAT BHARAT ABHYAN

PROJECT PROPOSAL

Project Title: Installation of Bio-Toilets in Jewar Block, Greater Noida

Project Objective: To design and provide bio-toilets, for the villages that fall under the Jewar Block in Greater Noida for the hygiene of the villagers, as well as to provide low-cost manure for crop cultivation.

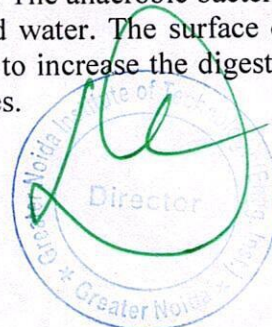

Project Justification:

- a) **Problem Statement:** Several villagers in the fringes of Jewar Block, Greater Noida are open defecating. This lack of proper sanitation leads to negative impacts in the health of public, and may also lead to various diseases such as typhoid, diarrhea, intestinal infection, cholera and many others. The nearby water sources are also getting polluted because of the defecation done near it. These villages include Junpat, Khedi, Bhogpur, Rampur Khader, Rampur Bhangar.
- b) **Priority Needs:** The need arises because of lack of infrastructure, unsafe and risky toilets which are poor in quality and lack privacy, some of the villagers prefer being in nature or are not aware of the adverse effects because of it. Therefore, the need of the hour is to provide better facility as much as possible to reduce open defecation and educate them about the adverse effects.
- c) **Proposed Approach:** The villagers are to be provided with type of toilet that treats human waste by biological process and reduces the fecal contamination. It is proposed to provide 4 bio-toilets for Junpat village having a population of 1976 of 302 households.

The role of GNIOT here is to analyze the area where maximum open defecation is observed and provide bio-toilets near them. A team of faculty and students will reach the villagers and make them aware about the adverse effects of open defecation, the benefit of using bio-toilet.

Brief Plan for activities and implementation timeline: The activity can be divided into 3 categories named a) Surveying of the area to observe the area prone to open defecation, the data of 3 weeks will be taken. b) Construction of bio-toilet 5-7 days. c) Educating the villagers about the bio-toilets. The digester tanks used here are as per the specifications provided by the IR-DRDO BIO-TOILETS. The details of which is readily available in internet. The implementation of the project may take minimum of one and half month and maximum of 3 months.

Methodology, materials & financial Resources: Here, the human waste or excreta goes to the bio digester tank which is filled with one third of the bacteria. The anaerobic bacteria decompose the human waste and converts it into CO₂, methane gas and water. The surface of the tank is increased by providing modules or chambers in the digester to increase the digestion. The grey water coming as an effluent can be used for irrigation purposes.

Important Dimensions, Volume of Bio-digester Tank & Materials required: 1. Length - 1150 mm 2-Width - 720 mm, 3. Height - 540 mm 4. Total Volume of Tank - 400 liters. 5. Effective Volume of Tank - 300 liters.

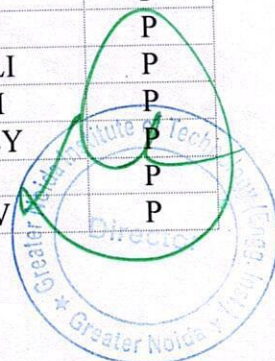

The main parts of the Bio digester tank consist of:

1. Tank with partition walls inside the tank.
2. Poly grass mats for protection of bacteria inside the walls.
3. Ball valve with handle for operation for making toilet direct discharge in case of choking.

Financial Resources: The final price per module comes out to be Rs. 28,500.
There is no availability of any other funding.

50	1813200002	ADITYA SINHA	P
51	1813200003	ALIYAS ALI	P

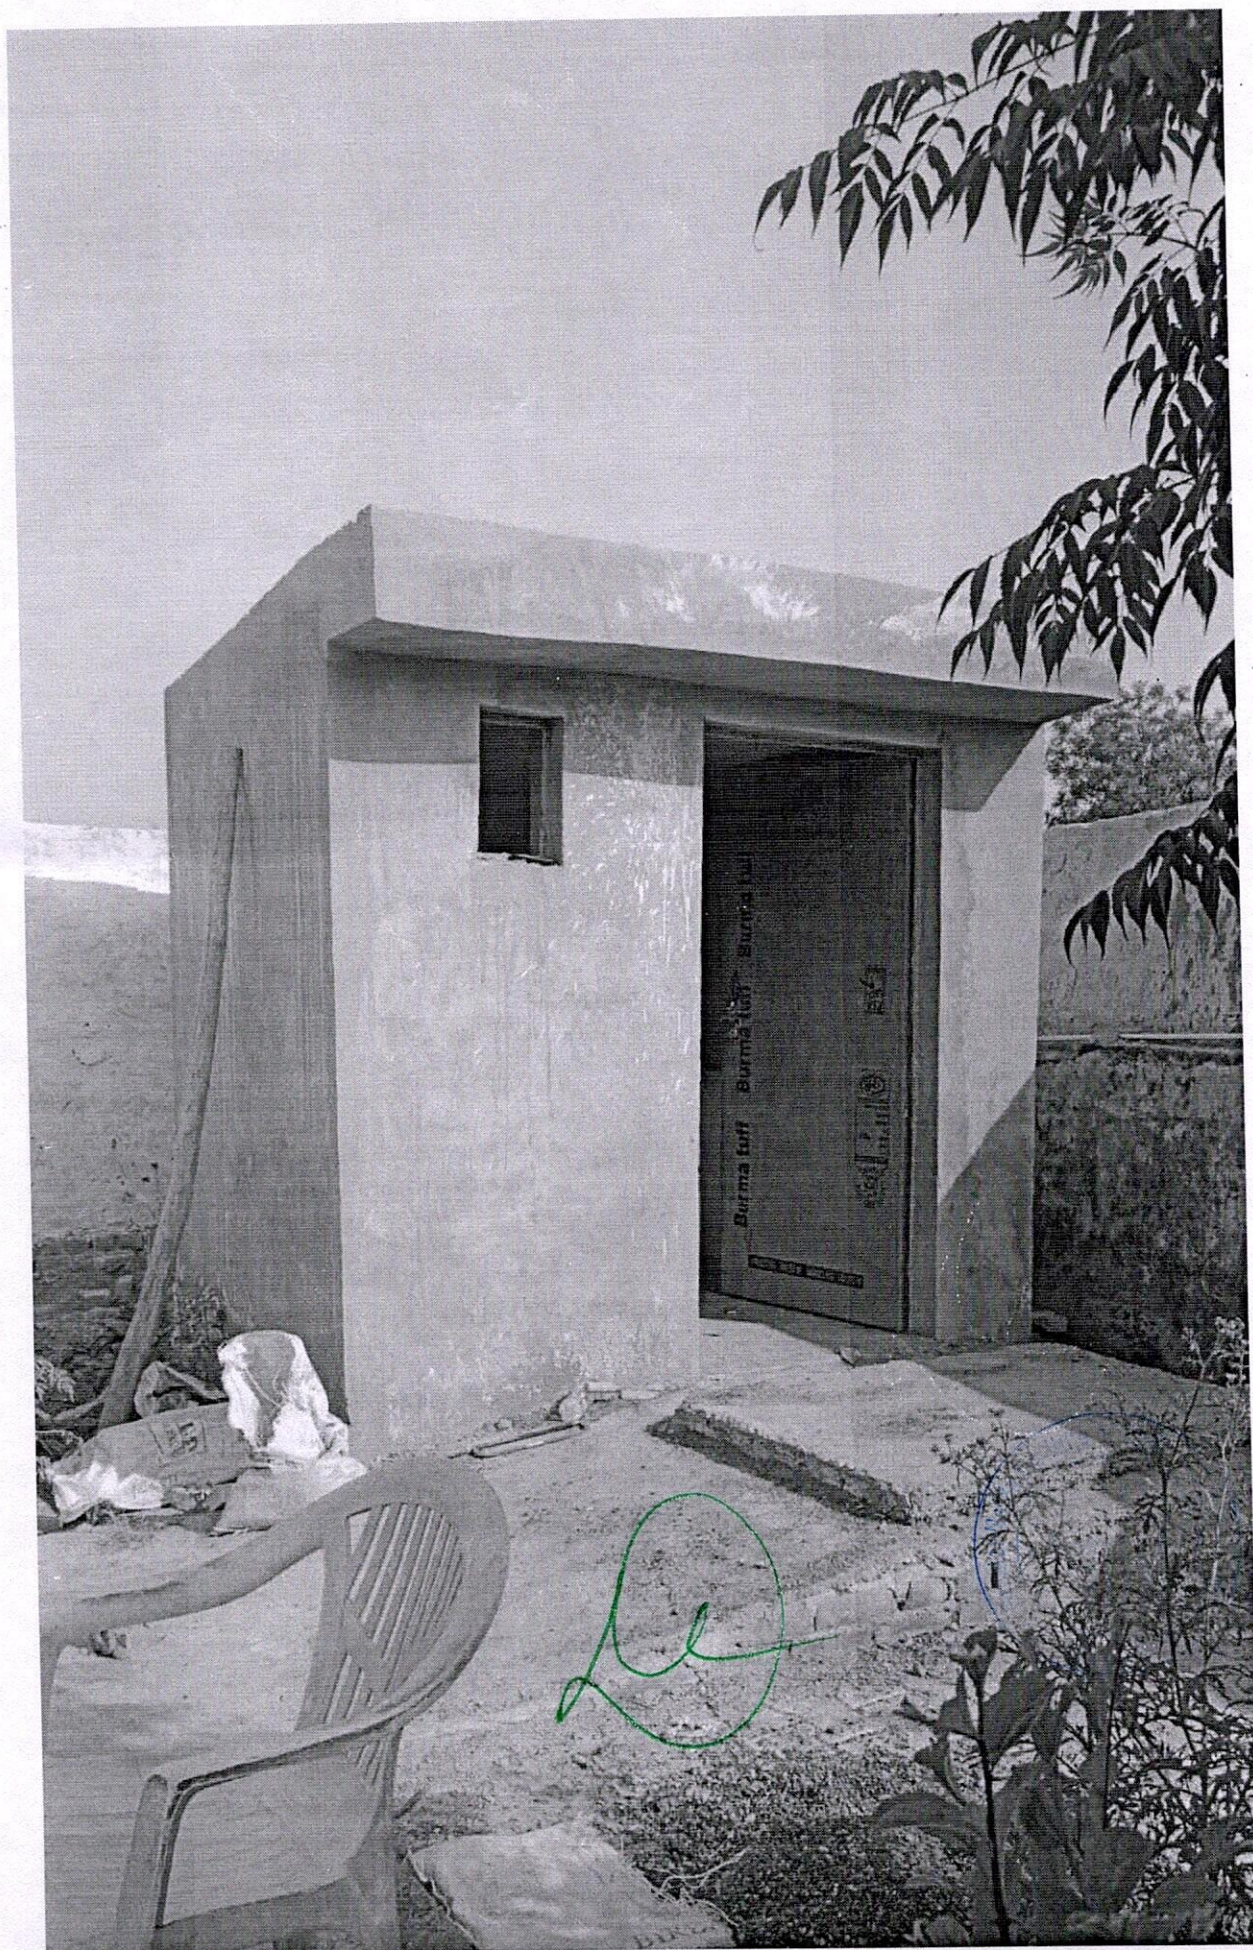

Outcome/Impact of the Project: The following is the expected outcome of the project:

- Better hygiene of the villagers and less polluting of water sources. Meeting Health & sanitation requirements of the villages.
- Providing low-cost, high-quality manure for the crops – substitute for costly chemical fertilizers.
- Better educated and aware villagers will ensure proper sanitation and discipline.

Waste Management Event Summary Report

The Computer Science & Engineering Department successfully organized a "Waste Management" activity in the college campus on 18-02-2022. The outcome of the activity was that students got to learn and develop habits to dispose of waste properly, and not litter around in campus and the areas near their residences.

An expert Prof. B. S. Rawat, from IFTM University, Moradabad over the years of experience to manage waste management. Management, correct disposal and reuse, in the most appropriate and planned manner are daily challenges. The speaker demonstrated the collection and segregation of degradable and non-degradable wastes through the involvement of students and advised them to take full precautions while doing their tasks by wearing masks, gloves, and boots to prevent transmission of infections.

Pollution from around causes a lot of litter in our neighbourhoods, which can have a negative impact on our health. There is a significant environmental and social concern, thus GNIOT College took significant action to control trash by

safeguarding the environment and fostering a pleasant environment. Two bins for wet waste and dry waste are stored in departments and hallways and are used to collect rubbish produced by the administrative office and department.

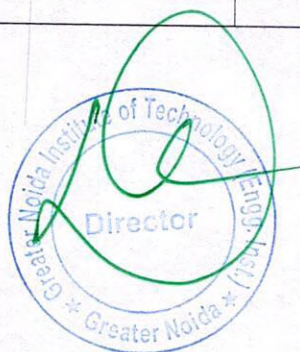

(Mr. Ashwini Verma)

DEPARTMENT OF INFORMATION TECHNOLOGY

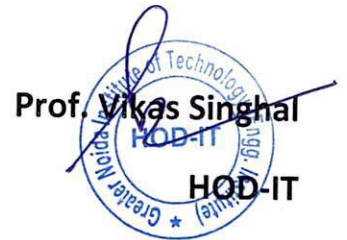

Ref: - No. GNIOT/IT/ODD/Events/05

Date: 12.02.2022

NOTICE

This is to inform the students that as per the academic calendar the department is organizing the events for the current semester, continuing the same practice you are all informed that an event "PLANTATION DRIVE" is scheduled on 15.02.2022 from 11:00 AM - 02:30 PM.

The students are requested to present in full strength and take the maximum benefit of the expert talk.

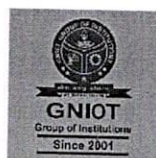

An event on

"Plantation Drive"

*15 February 2022
(11:00 AM To 02:30 PM)*

PROGRAMME REPORT

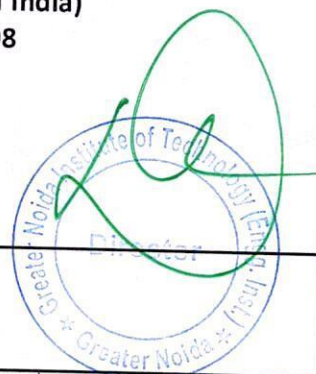

Organized by

**Department of Information Technology in Association with IIC
Greater Noida Institute of Technology (GNIOT)**

**(An Initiative of Ministry of Education, Govt. of India)
Knowledge park-II, Greater Noida- 201308**

www.gniot.net.in

EVENT TITLE:**"Plantation Drive"****PARTICIPANTS:**

Third Year and Second Year IT Engineering Students & Faculty members.

OBJECTIVES:

- To plant trees as Tree Plantation drives combat many environmental issues like deforestation, erosion of soil, desertification in semi-arid areas, global warming and hence enhancing the beauty and balance of the environment.
- Trees absorb harmful gases and emit oxygen resulting in an increase in oxygen supply.

Coordinator of the Event: Ms. Uma Tomar

REPORT:

"Plant a tree and see it grow; so you can enjoy the cool breeze flow."

The Department of Information Technology was fortunate to get an opportunity to celebrate the Plantation Drive and spread awareness regarding the tree plantation in village "Rampur Khadar" (village adopted by GNIOT) on 15/02/2022.

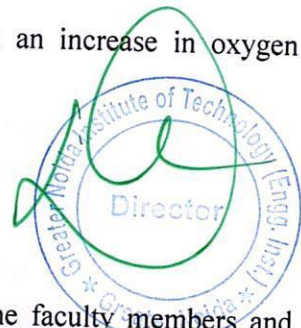

Objective of this drive was:

- To plant trees as Tree Plantation drives combat many environmental issues like deforestation, erosion of soil, desertification in semi-arid areas, global warming and hence enhancing the beauty and balance of the environment.
- Trees absorb harmful gases and emit oxygen resulting in an increase in oxygen supply.

Moderator of the event was Ms. Uma Tomar.

Other mentors, faculties, co-ordinators and students were present.

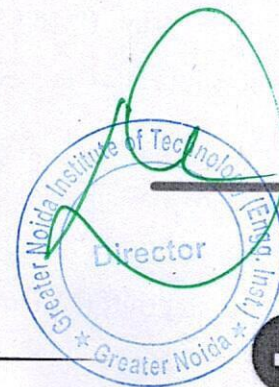

The students of 2nd and 3rd year of IT Department along with the faculty members and village authority embraced the event with their presence and spread the awareness among the local school children's and villagers. The students performed acts in the form of Nukkad Natak which was heart touching and very well explained the importance of trees in our life. Also some students recited the poems written by them and made us understand the importance of trees in our life cycle.

#PLANTATION

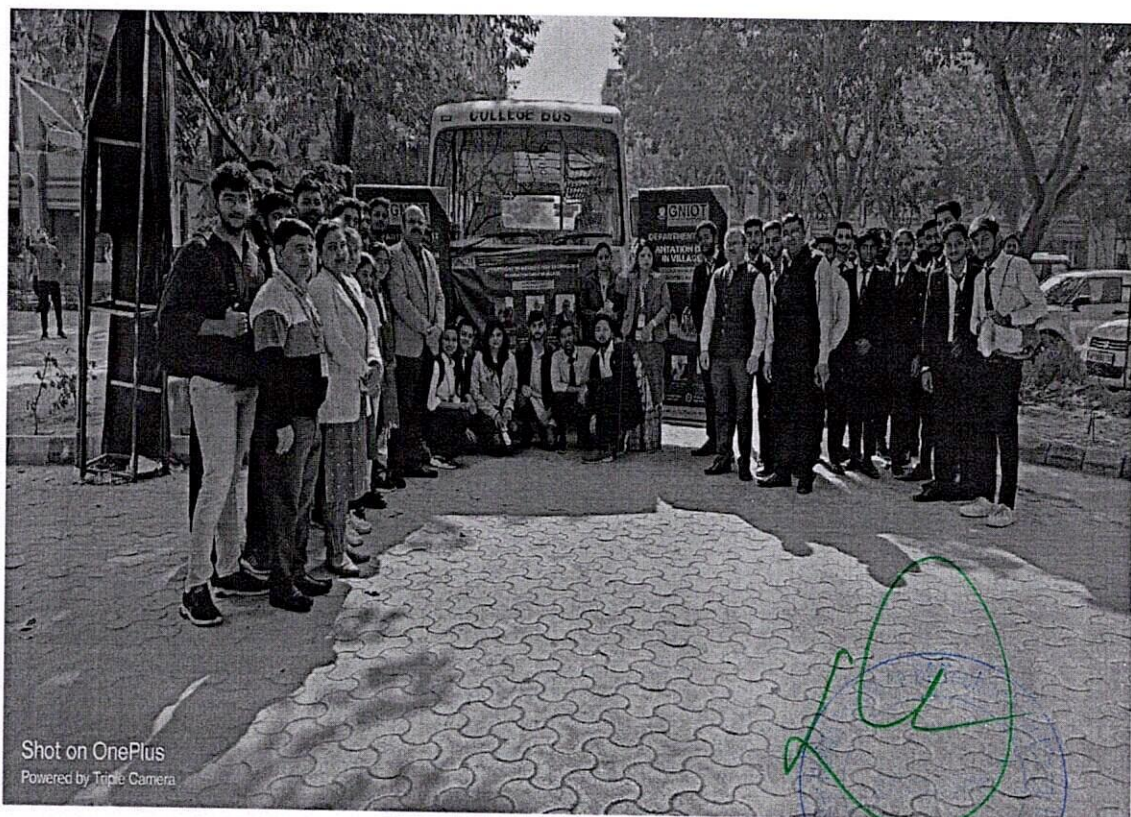

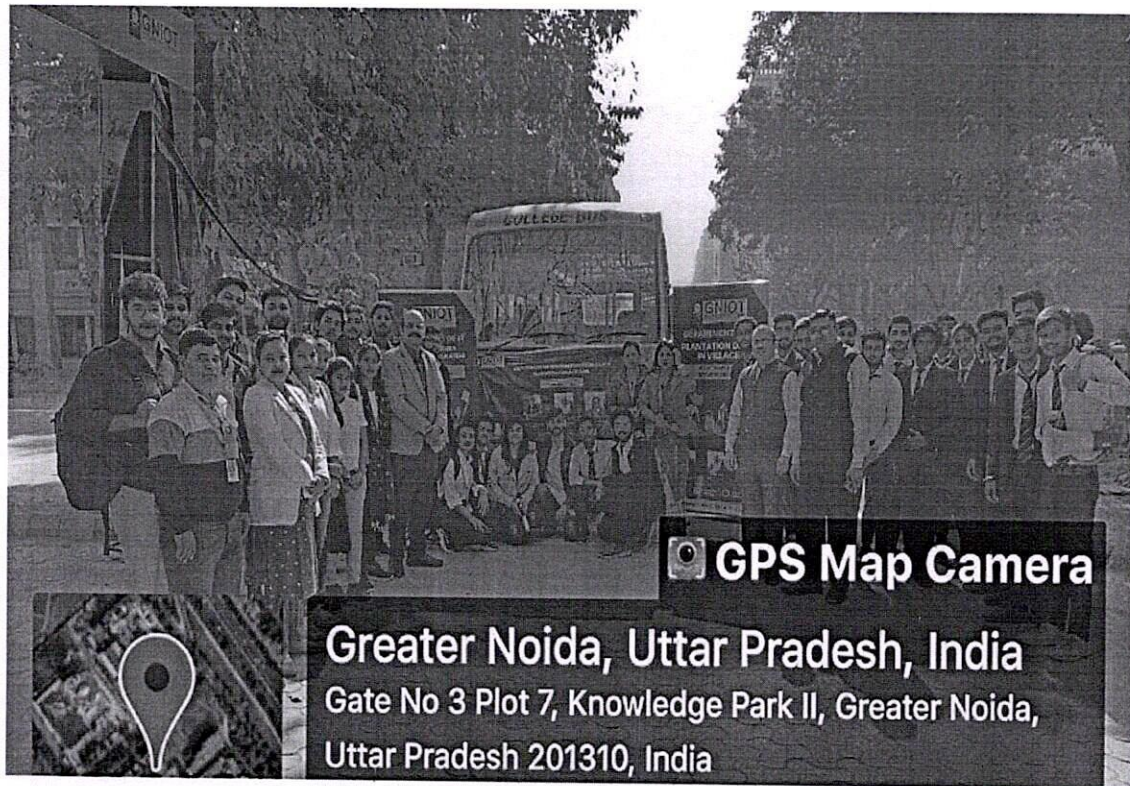

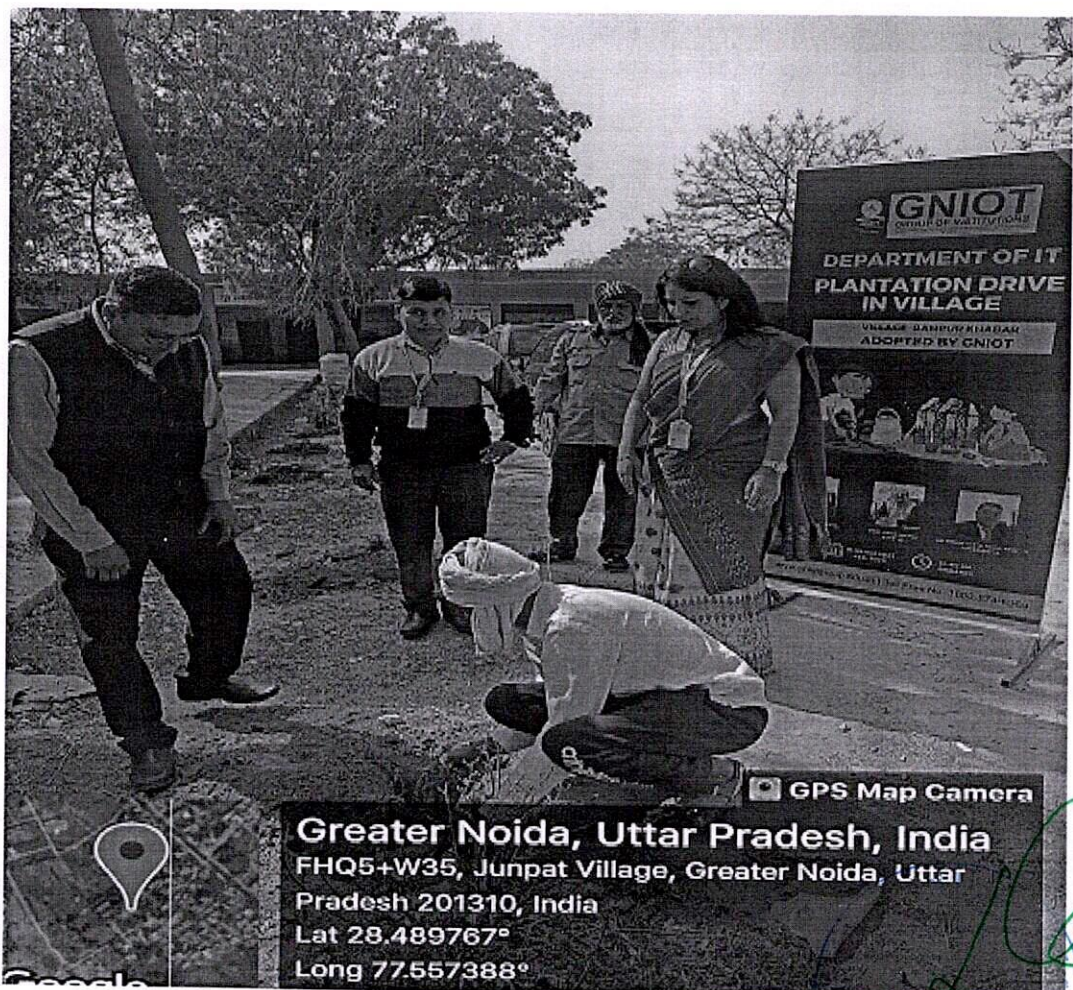

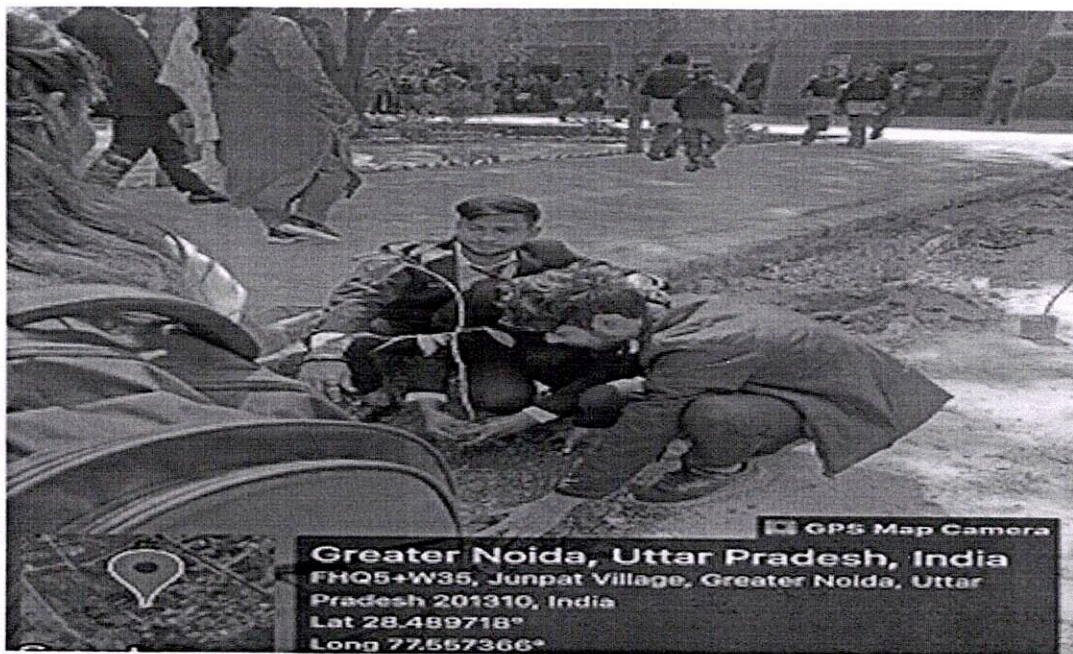

15, TUESDAY
FEB, 2022

10:00 AM
ONWARDS

Few glimpse of event's are:

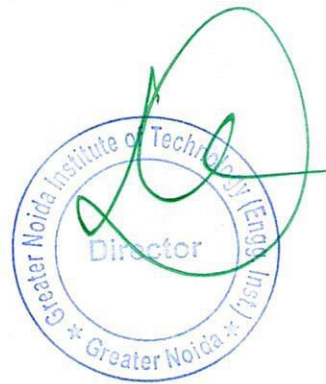

The session was very fruitful and interactive.

The outcome of the Program

1. The purpose of making people aware of the importance of planting trees and to assist them in doing so.
2. Planting saplings to invest in the future on tree plantation day.

TREE PLANTATION

On

"TREES ARE AS CLOSE TO IMMORTALITY AS THE REST OF US EVER COME"

24 FEB 2022

Organized by

***Computer Science Engineering
Artificial Intelligence & Machine Learning
Department***

Someone is sitting under shade because someone planted a tree long time ago with this the department of AI - ML & IoT organised a tree plantation program with the students to inspire them for planting more and more trees and making the environment more eco - friendly. Such little steps taken together by the college and students will surely help in fostering strong mental and social health amongst today's children so that they connect with their peers, their elders, their community and their environment.

In the drive student's of AIML & IoT Department went to sector- 151 A for plantation with head of Department Prof. Dr. Amit Kumar Aggarwal along with the faculties of the department.

Date: 07.04.2022

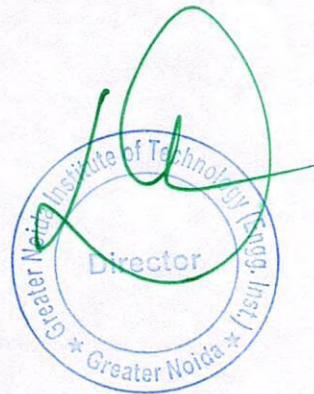

Someone's sitting in the shade today because someone planted a tree a long time ago

-- Warren Buffett

With the sole motive to support this statement, the Electrical Engineering Department organized a Plantation Drive in the GNIOT 132 premises on 06.04.2022. All the faculty members of the department and students of 3rd year were a part of the drive. Chief Guest of the event was Mr. Aditya Singh, Head of Group, Tata Power Delhi Distribution Board.

Outcome:

The students participated in the tree plantation activity by which they learnt the importance of tree plantation. They learnt about how trees help to clean environment, reduce global warming, and provide green cover to the planet earth.

REPORT

“PLANTAION DRIVE”

On

(22nd April 2022)

Organized by

Department of MCA

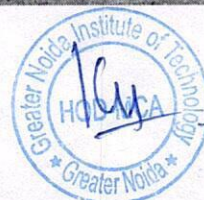

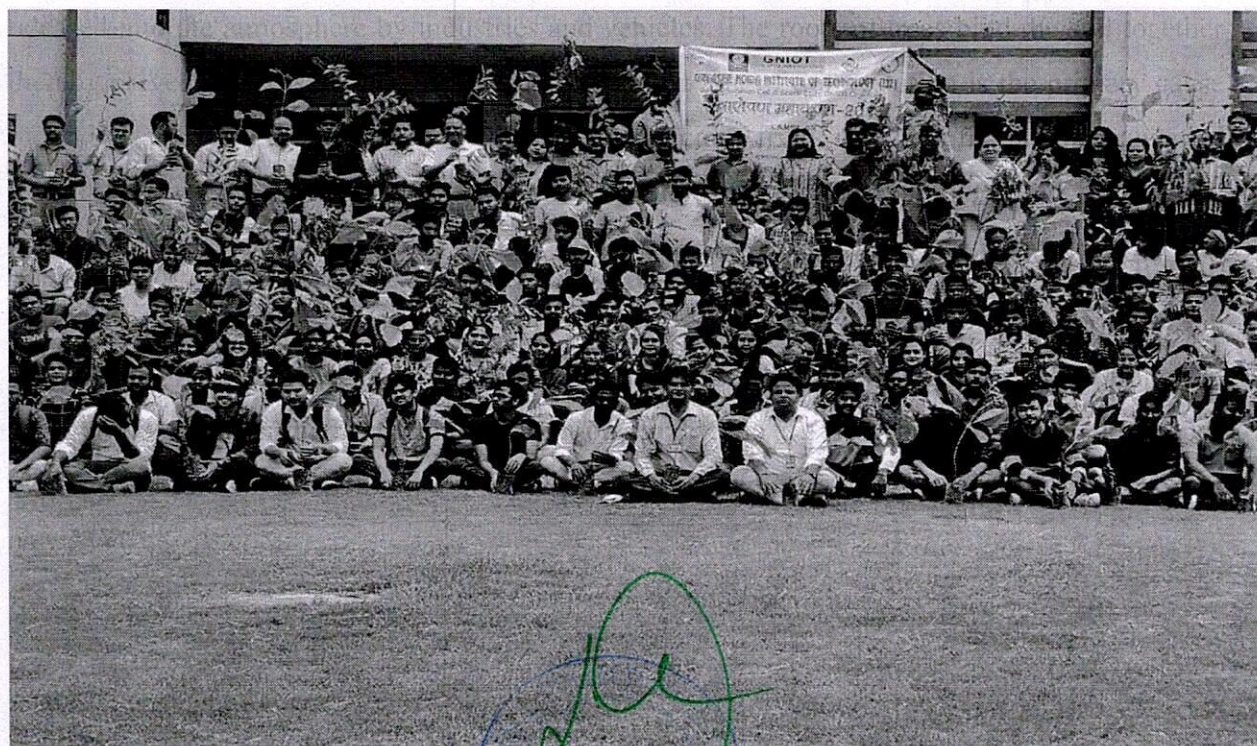

PLANTATION DRIVE (2022)

“A tree is the best friend of man on earth. When we use trees respectfully and economically, we have one of the greatest resources on earth”.

Trees are rightfully called the ‘lungs of the earth.’ Life on earth would cease to exist in the absence of trees. Trees are responsible for sustaining the environment in several ways.

Trees release life-supporting oxygen and absorb harmful gases like carbon dioxide during the process of photosynthesis. They act as sponges by taking in toxic emissions and other pollutants, released into the atmosphere by industries and vehicles. The roots of trees bind the soil together thereby preventing erosion. The blatant and increased rate of deforestation is the primary cause of landslides. In addition to being the bearers of delicious fruits, trees are the natural habitat of several species of animals, birds, and insects. Thus, the destruction of a tree implies the destruction of an entire ecosystem.

The Department of MCA has been organized the Tree Plantation Drive on 22nd April 2022 in occasion of **“Earth Day”** at GNIOT GROUP OF INSTITUTIONS campus. Considering the concept of **“A tree is the best friend of man on earth”**, the drive has been executed in presence of respected director Dr. Dhiraj Gupta, Faculty members, Staffs and Students of MCA 1st Year and 2nd Year.

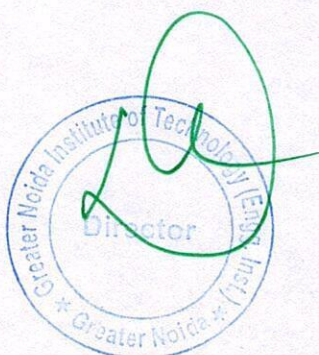

Outcome of the Event:

Participants were highly energetic to make the event a big success. A spirit of teamwork, exchange of ideas and enthusiasm of the participants especially among the students could be seen. The students and teachers planted saplings and fenced them and watered the plants.

Summary Report

The Computer Science & Engineering Department successfully organized a **"Plantation Drive"** in the college campus on **27-05-2022**. The students planted tree saplings and realized the impact of green trees on our ecosystem and general wellbeing. The student who shared their experiences and participated in the tree planting pointed out that such events should be planned frequently to foster a healthy environment and reduce the impact of climate change. Everyone had significant confidence after helping the environment.

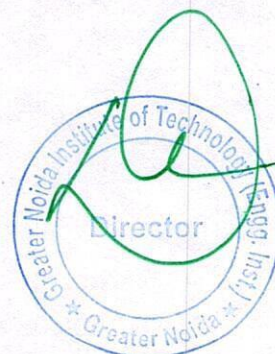

This event's primary objective was to inspire the pupils to plant trees in order to maintain a clean, green environment around them. should adopt a lifestyle that produces the fewest wastes possible, source-separate garbage, and dispose of waste at the closest storage facility. Take action against ecologically harmful behaviours, such as the improper disposal of hospital wastes and the dumping of trash in prohibited areas. The event came to a close as soon as we achieved our tree-planting target, leaving everyone happy. Overall, everyone had a fantastic time at this event.

Students and faculty members also spoke about the importance of taking care of the saplings after the plantation drive is over. In the end, each of one adopted a tree.

ACTIVITY REPORT

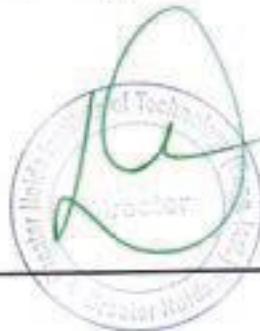

PLANTATION DRIVE

25th August 2022

Organized by

Mechanical Engineering Department

Date: 25th August 2022

Location: Village Rampur Bangar and Nearby Area

Organizers: Mechanical Engineering Department

Objective: To promote environmental sustainability in the Village Rampur Bangar and nearby areas.

Activities:

- Selection of native plant species suitable for the local climate.
- Digging of pits for planting of trees and plants.
- Planting of trees and plants in designated areas in and around the village.
- Watering of newly planted trees and plants.
- Awareness campaign to educate the community about the importance of environmental sustainability.

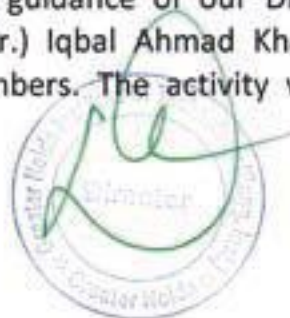

Participants:

- Students and faculty members of the Mechanical Engineering Department.
- Local community members and volunteers.

Outcomes:

- A total of 30 volunteers participated in the activity.
- A total of 45 trees and plants were planted in the designated areas.
- The initiative helped to create awareness among the local community about the importance of environmental sustainability.

Conclusion: The Plantation Drive organized by the Mechanical Engineering Department, GNIOT Gr. Noida was a great success. The planting of trees and plants in the Village Rampur Bangar and nearby areas will contribute to the local ecosystem and promote environmental sustainability. This event was successfully organized under the guidance of our Director Prof. (Dr.) Dhiraj Gupta, HOD Mechanical Prof. (Dr.) Iqbal Ahmad Khan, Dy HOD Mr. Gagan Varshney, and other faculty members. The activity was coordinated by Mr. Trinath Mahala.

SWACHH BHARAT

15th September 2022

Organized by

Mechanical Engineering Department

Date: 15th September 2022

Location: College Campus and Nearby Area

Organizers: Mechanical Engineering Department

Objective: To promote cleanliness and hygiene in the college campus and nearby area.

Activities:

- Cleaning of the college campus and surrounding areas.
- Segregation of waste into recyclable and non-recyclable materials.
- Proper disposal of waste.
- Awareness campaign on the importance of cleanliness and hygiene.

Participants:

- Students and faculty members of the Mechanical Engineering Department.
- Volunteers from other departments and the local community.

Outcomes:

- A total of 25 volunteers participated in the activity.
- Approximately 100 kgs of waste was collected and disposed of.
- The area was left clean and hygienic.
- The initiative helped to create awareness among students and the local community about the importance of cleanliness and hygiene.

Conclusion: The "Swachh Bharat" initiative organized by the Mechanical Engineering Department, GNIOT Gr. Noida was a great success. It not only helped to promote cleanliness and hygiene but also created awareness among students and the local community about the importance of keeping our surroundings clean. This event was successfully organized under the guidance of our Director Prof. (Dr.) Dhiraj Gupta, HOD Mechanical Prof. (Dr.) Iqbal Ahmad Khan, Dy HOD Mr. Gagan Varshney, and other faculty members. The activity was coordinated by Mr. Sunit Kumar.

GENDER EQUALITY

On

"It is time that we all see gender as a spectrum instead of two sets of opposing ideals"

5th Sep , 2022

Organized by

***Computer Science Engineering
Artificial Intelligence & Machine Learning
Department***

Department of CSE-AIML in association with Institution's innovations council (IIC) organized an event on gender equality for the students on 5 September 2022.

Mr. Amrish Dubey & Mr. Arun Kumar Rai, conduct a Workshop on **Gender Equality**. It aims to educate students on the differences between sex and gender, how gender is socially produced, and gender stereotypes. It assists them in determining which gender stereotypes are true and which are false. The goal of gender sensitization is to raise awareness of the relevance of gender sensitivity in the workplace among working professionals. Individuals who are not sensitive to the requirements of one gender may be unable to comprehend the needs of the other.

We would like to extend a heartfelt thanks to GNIOT Management and Dr. Dhiraj Gupta, Director, for giving us the opportunity to organize this event. We're also thankful to Dr. Amit Agarwal (HOD-CSE-AIML) for their valuable inputs and necessary support.

NWDA/Din(1)IWW-2022/7/3/9177

07 September, 2022

Dear Dr. Gupta ji,

It is indeed a matter of great privilege for me to inform you that the Ministry of Jal Shakti, Government of India is organizing **7th India Water Week - 2022 (IWW-2022)** during 1-5 November 2022 at India Expo Center, Greater Noida, adjacent to National Capital Region, Delhi.

We are pleased to inform you that, Organising Committee of India Water Week-2022 has decided to set up a dedicated zone for Start-Ups and Innovators in the exhibition area of the event (IWW-2022) to extend the opportunities for showcasing the Skills/ technologies/ innovations etc. of students/ scholars of academic institutes.

The main objective of India Water Week is to provide a forum for various stakeholders namely: policy makers, water managers, professionals, academia and the user groups from different sections of the society wherein all water related issues are discussed and measures are identified to address sustainable water security challenges. The theme for IWW-2022 is "Water Security for Sustainable Development with Equity" focusing on various aspects of water security and related challenges for equitable development.

The exhibition of the event provides a unique opportunity for showcasing the technologies, latest developments and solutions available in various fields of water management. The exhibition would spread over an area of about 3,500 square metres and is co-located with the IWW-2022 at India Expo Center, Greater Noida.

I would request you to kindly make use of this opportunity and participate in the exhibition by showcasing the Skills/ technologies/ innovations etc. of students/ scholars of your premier institute. The charges for exhibition space for the institutions shall be waived off.

It is further requested to depute the faculty, research scholars and students of your institute to participate in the event and visit the exhibition during the event from 2-5 November, 2022. A dedicated slot shall also be allocated to your institute for the visit.

7TH INDIA WATER WEEK 2022

WATER SECURITY FOR SUSTAINABLE DEVELOPMENT WITH EQUITY

Date:- 01/11/2022 to 05/11/2022

Venue:- India Expo Centre, Greater Noida.

Website link:- <https://www.indiawaterweek.in/>

About India Water week:-

Conceptualized and organized for the first time in 2012, the India Water Week is a regular forum where the Ministry of Jal Shakti, Department of Water Resources, River Development & Ganga Rejuvenation, Government of India discusses, talks, strategizes with eminent stakeholders through seminars, exhibitions and sessions to build public awareness, to get support to implement key strategies for conservation, preservation and optimum use of available water. This is the seventh event of its kind with the theme "Water Security for sustainable development with equity" focusing on equitable and sustainable development and importance of secure water to achieve that.

The Sixth edition of India Water Week-2019 with the Theme "Water Cooperation – Coping with 21st century challenges" was organized during 24th - 28th September, 2019 at New Delhi, India with Japan and European Union as International partners. Hon'ble President of India inaugurated 6th India Water Week-2019 on 24th September, 2019. The Conference was attended by more than 1500 national and international delegates. An exhibition covering an area of 3000 sq.m. with 60 exhibitors of various countries, institutions, individuals, State Governments, Non-Governmental Organisations and stakeholders working in the water resources sector showcasing their technologies as well as number of specialized add-on events were other highlights of the event.

7th India Water Week – 2022

The Seventh India Water Week-2022 will be held from 1-5 November, 2022 at India Expo Centre, Greater Noida, National Capital Region (NCR) of Delhi with the theme "Water Security for sustainable development with equity." The event is a multi-disciplinary international conference focusing on new approaches for long term water planning and management by incorporating principles of sustainability and equity evolved over the years by National and International Water experts and Organizations, with a concurrently running exhibition enriching the theme and showcasing the technologies and solutions available for the areas under deliberation of the conference.

Partners in Organisation

The 7th India Water Week (IWW) 2022 will be organized by the Ministry of Jal Shakti, Department of Water Resources, River Development & Ganga Rejuvenation in co-ordination with nodal Departments/Ministries of Drinking Water Supply and Sanitation; Agriculture; Environment, Forest and Climate Change; Rural Development; Urban Development; Power; New and Renewable Energy; Niti Aayog along with their associated expert organizations and Public Sector Units, key International Bodies, and Private and Public business houses.

GNIOT
GREATER NOIDA INSTITUTE OF TECHNOLOGY

ग्रेटर नोएडा इंस्टीट्यूट ऑफ टेक्नोलॉजी (इंजीनियरिंग इंस्टीट्यूट)
GREATER NOIDA INSTITUTE OF TECHNOLOGY (Engg. Institute)

The Greater Noida Institute took active participation in the 7th India Water Week and several B.Tech. students of 2nd, 3rd and 4th year, Civil Engineering Department took a part in this event. Demonstration of the models along with its principle of working was carried out at the exhibition. Innovation was the central idea along with the sustainable development and rejuvenation of water structure and aquifer system. The topics that were covered were

1. Sustainable Agriculture and Water Management - Key to Economic Development
2. Challenges for Sustainability of Ground Water Resources
3. Impact of Climate Change and Adaptation Strategies
4. Quality Challenges in Water Sector
5. Dovetailing the Micro and Macro Intervention for Water Management
6. Emerging Technological Solutions for Efficient Water Management
7. Managing Water Related Disaster- Flood and Draught
8. Establishing a Collaborative Water Governance Regime
9. Water for Environment and Livelihood
10. Reuse and Recycle of Waste Water for Water Resilience and Water Market

The 7th India Water Week was graced and inaugurated by Hon'ble President Smt. Droupadi Murmu, in the august presence of Hon'ble Governor, Uttar Pradesh Smt. Anandiben Patel, Hon'ble Chief Minister, Uttar Pradesh, Shri Yogi Adityanath, Hon'ble Union Minister of Jal Shakti Shri Gajendra Singh Shekhawat, Hon'ble Ministers of State for Jal Shakti Shri Prahlad Singh Patel, and Shri Bishweswar Tudu at India Expo Centre, Greater Noida on 01.11.2022. Shri Pankaj Kumar, Secretary, DoWR, RD&GR, Ministry of Jal Shakti welcomed all the dignitaries for the 7th India Water Week. The event commenced with the auspicious ceremony of "Jal Bhara" by our Hon'ble President Sh. Droupadi Murmu and Dignitaries present in the dias by pouring water into the vessel, strengthening the vision of Jal Shakti. This ceremony symbolized the immense importance of water conservation. Hon'ble President of India, Smt Droupadi Murmu, praised the initiative of Ministry of Jal Shakti in safeguarding precious water. Mentioning water as a vital resource for life, she discussed the relevance of saving water for a future-secure Nation. In her inspirational address to the conclave, she accentuated that these five daylong events will embrace key players and address the issue of water security. Hon'ble Governor of Uttar Pradesh, Smt. Anandiben Patel, stated that we need to march ahead in the field of water conservation, and make sure that the future of our children is water secured. Hon'ble CM of Uttar Pradesh, Yogi Adityanath, graced the event with his esteemed presence and praised the successful commencement of the 7th India

Water Week - 2022. With his valuable insights, he enlightened and motivated the arena towards water security. He reverberated the noble message of 'Jal Hai Toh Jeewan Hai' and mentioned that State of UP has an adequate water supply of ground and surface water.

Hon'ble Minister of Jal Shakti, Shri Gajendra Singh Shekhawat, addressed the conclave, and emphasized that despite coming from different backgrounds, it is worth noting that we all join hands today to address the issue of water conservation. He stated that the issue of water conservation, its management is a holistic and global effort. The event of India water week is a unique effort to bring together these insights on one platform. Further, he declared the vision of ensuring 100% water availability across the country by 2024 and urged the citizens to join the movement and escalate Jal Shakti for a water-secure India.

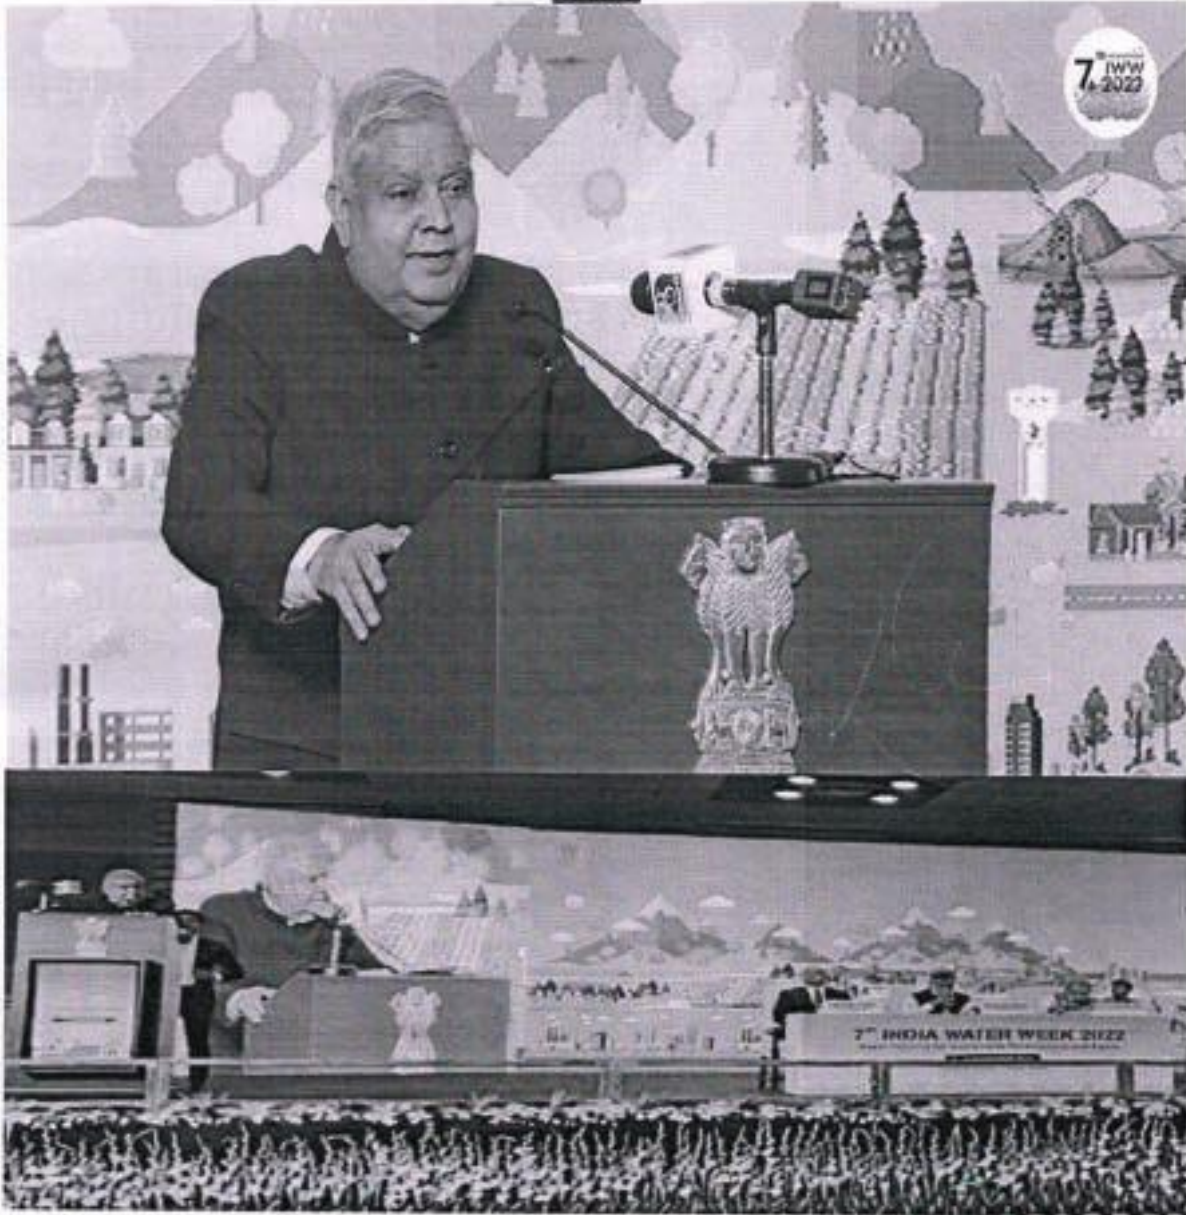

Summary of the event:-

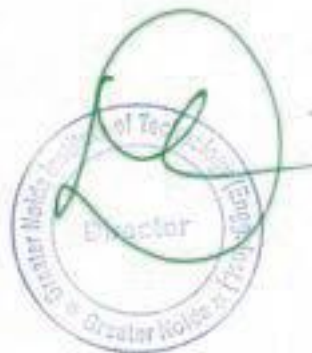

Smt. Akli Tudu, Water Warrior, Jharkhand & Smt. Hira ben, Water Warrior, Bhuj, Gujarat narrated their experience in water conservation in their areas citing various initiatives, cases of rejuvenation and crops raised in the command areas. The Plenary session was held under the chairmanship of Shri Gajendra Singh Shekhawat, Hon'ble Union Minister for Jal Shakti. H.E. Mr. Shoimzoda Jamshed, Hon'ble First Deputy Minister of Energy & Water Resources, Republic of Tajikistan, HE Eng. Maryprisca Winfred Mahundi, Hon'ble Dy. Minister of Water, Tanzania, Dr. Asit K. Biswas, Visiting Distinguished Prof. University of Glasgow, Shri A.D. Mohile, Former Chairman, Central Water Commission, Shri Mark Smith, Director General, IMWI took part in the session and expressed their views on the water security and conservation and the challenges in climate change, etc. The deliberations emphasised the strategies for water development and its management in the evolutionary process, concern of water security, conducting serious reviews of water related security concerns after scientific analysis, implementation of action plan, so that water can be proved to be an agent for peace instead of water wars.

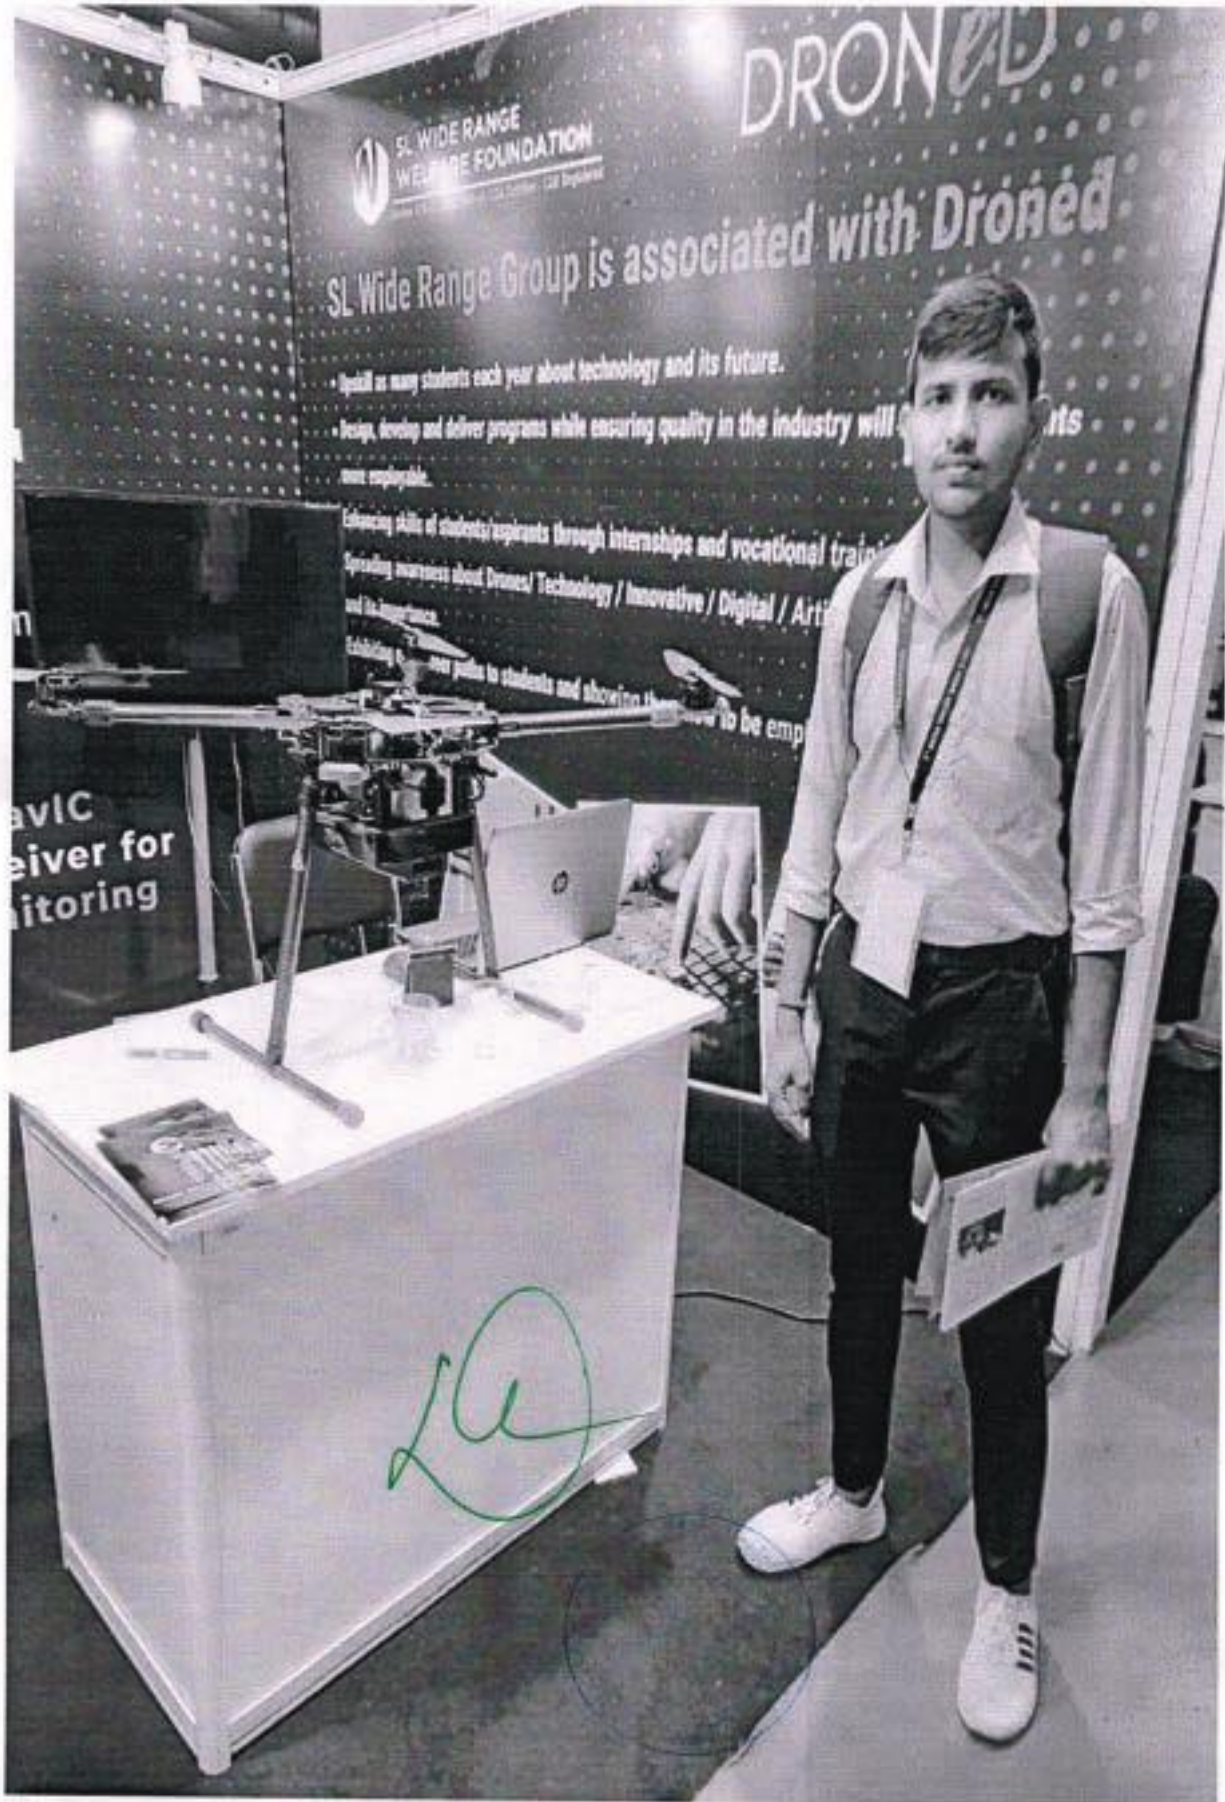

Thereafter, H.E. Mr. Shoimzoda Jamshed, Hon'ble First Deputy Minister of Energy & Water Resources, Republic of Tajikistan, HE Eng. Maryprisca Winfred Mahundi, Hon'ble Dy. Minister of Water, Tanzania inaugurated the Exhibition at the 7th edition of India Water Week 2022 in the gracious presence of Hon'ble Union Minister of Jal Shakti Shri Gajendra Singh Shekhawat and other senior officials.

NOTICE

GNIOT/CE/2022/013

Date: 12/09/2022

Civil Engineering Department is organizing an Event on **"Tree Plantation on World Ozone Day"** activity on 16th Sept 2022. The objective of this event is for enhance the knowledge about of air pollution and to protect the ozone and encourage the society towards tree plantation.

Venue: GNIOT Campus

Date & Time: 16th Sept 2022 at 10:00 AM

Event Coordinator: Ms. Taranpreet Kaur

Resources required: Camera, faculty members, banner, Bucket, ploughing tool (tiller and spade) and water.

REPORT

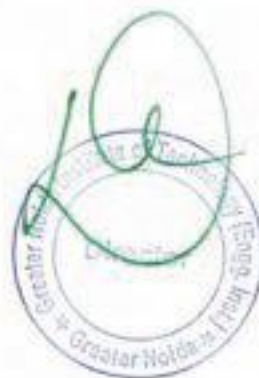

Tree Plantation

On

“World Ozone Day”

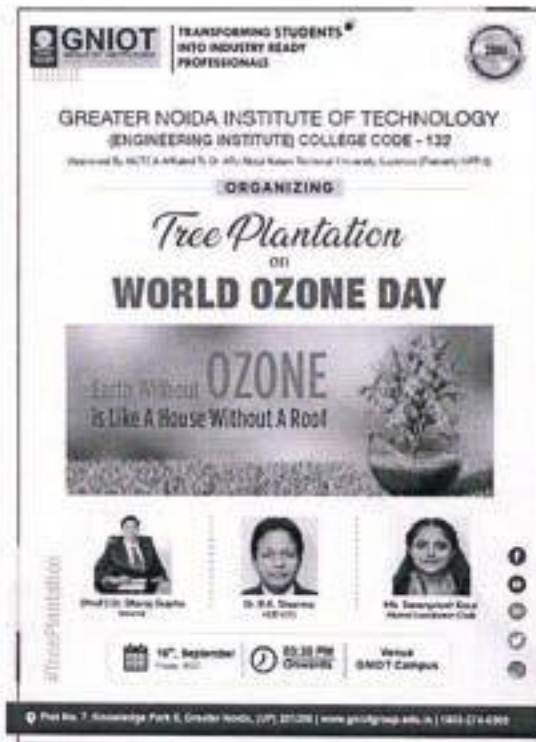

16Sept 2022

Organized by

Department of Civil Engineering
Greater Noida Institute of Technology, Greater Noida

Name of Event: World Ozone Day
Date of Event: 16th September 2022
Organized by: CIVIL Department, GNIOT
Event Moderator: Ms. Taranpreet Kaur
Topic: Tree Plantation on World Ozone Day
Event Poster:

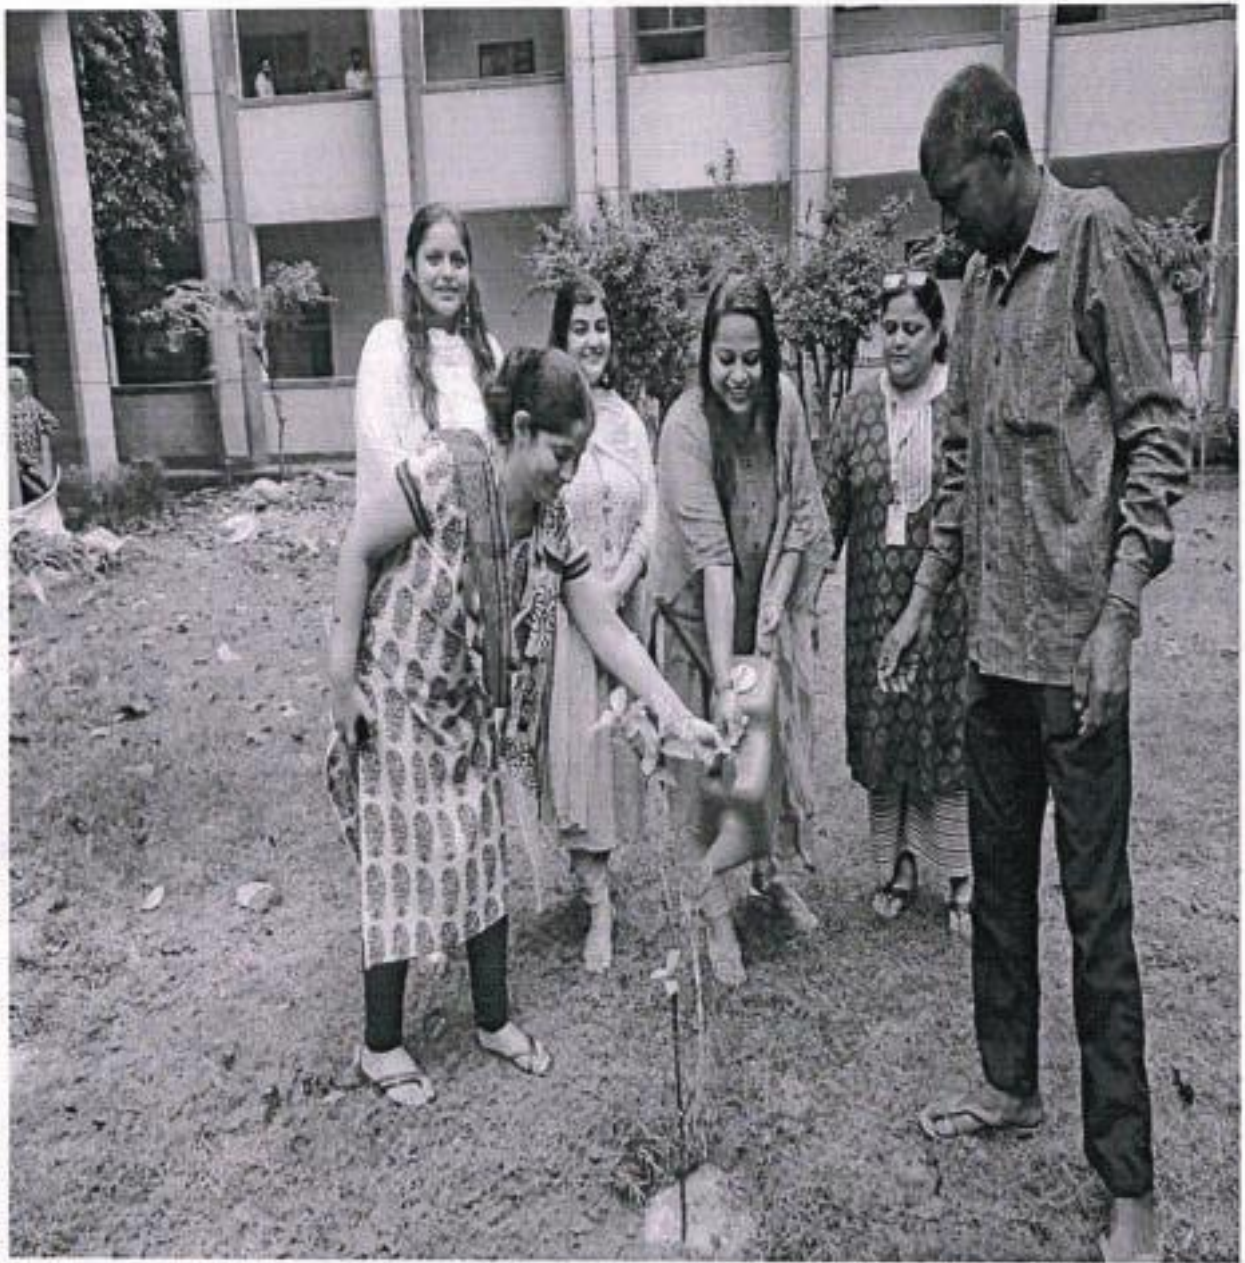

Event Description: Department of Civil Engineering is celebrating World Ozone Day on 16th September, 2022 by organizing a Tree Plantation Event at 3.30 PM in GNIOT Campus. On the occasion of World Ozone Day, let us save the ozone to give our generations the protection we were born with. "Trees are poems that the earth writes upon the sky". Ozone is like a mother to the Earth, who protects her child from harmful radiations. So let's take oath to protect our Earth on this World Ozone Day. Special Thanks to Mrs. Ruchi Ma'am (CSDC) for her kind support. Here is a glimpse of today's event.

World Ozone Day is celebrated on September 16th every year to raise awareness about the depletion of the ozone layer and the harmful effects of ultraviolet radiation on the environment and human health. On this day, a tree plantation drive was organized to encourage individuals to contribute towards environmental sustainability.

Participants

All Civil Engineering Faculties along with faculties of various departments.

Program Content

The tree plantation drive was conducted in a park in the city, and participants included members of the local community, school students, and volunteers from environmental organizations. The event began with an introduction by the facilitator, who emphasized the importance of planting trees for environmental sustainability.

The participants then planted saplings of different varieties. The event also included a brief session on the importance of trees in reducing air pollution, conserving water, and providing shade.

Conclusion

The tree plantation drive on World Ozone Day was a success, with participants learning valuable information on the importance of planting trees for environmental sustainability. The event provided a platform for participants to contribute towards environmental sustainability and raise awareness about the importance of tree plantation. It is hoped that more such initiatives will be conducted in the future to promote environmental sustainability and mitigate the harmful effects of climate change.

DEPARTMENT OF INFORMATION TECHNOLOGY

Ref: - No. GNIOT/IT/ODD/Events/03

Date: 18.09.2022

NOTICE

This is to inform the students that as per the academic calendar the department is organizing the events for the current semester, continuing the same practice you are all informed that an event "PLANTATION DRIVE" is scheduled on 21.09.2022 from 10:00AM - 02:00PM.

The students are requested to present in full strength and take the maximum benefit of the expert talk.

"That's the way I do things when I want to celebrate, I always plant a tree. - Wangari Maathai"

The planting of a tree is a modest form of immortality and one of the few truly long-term expressions of hope to mortal human beings.

EVENT TITLE:**"Plantation Drive"****PARTICIPANTS:**

Third Year and Second Year IT Engineering Students & Faculty members.

OBJECTIVES:

- To plant trees as Tree Plantation drives combat many environmental issues like deforestation, erosion of soil, desertification in semi-arid areas, global warming and hence enhancing the beauty and balance of the environment.
- Trees absorb harmful gases and emit oxygen resulting in an increase in oxygen supply.

Coordinator of the Event: Dr. Pankaj Gupta

REPORT:

"Plant a tree and see it grow; so you can enjoy the cool breeze flow."

The Department of Information Technology was fortunate to get an opportunity to celebrate the Plantation Drive and spread awareness regarding the tree plantation in village "Rampur Khadar" (village adopted by GNIOT) on 21/09/2022.

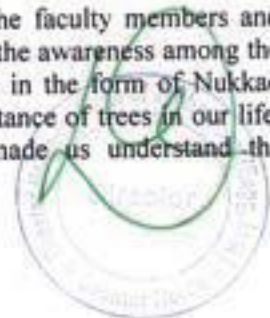

Objective of this drive was:

- To plant trees as Tree Plantation drives combat many environmental issues like deforestation, erosion of soil, desertification in semi-arid areas, global warming and hence enhancing the beauty and balance of the environment.
- Trees absorb harmful gases and emit oxygen resulting in an increase in oxygen supply.

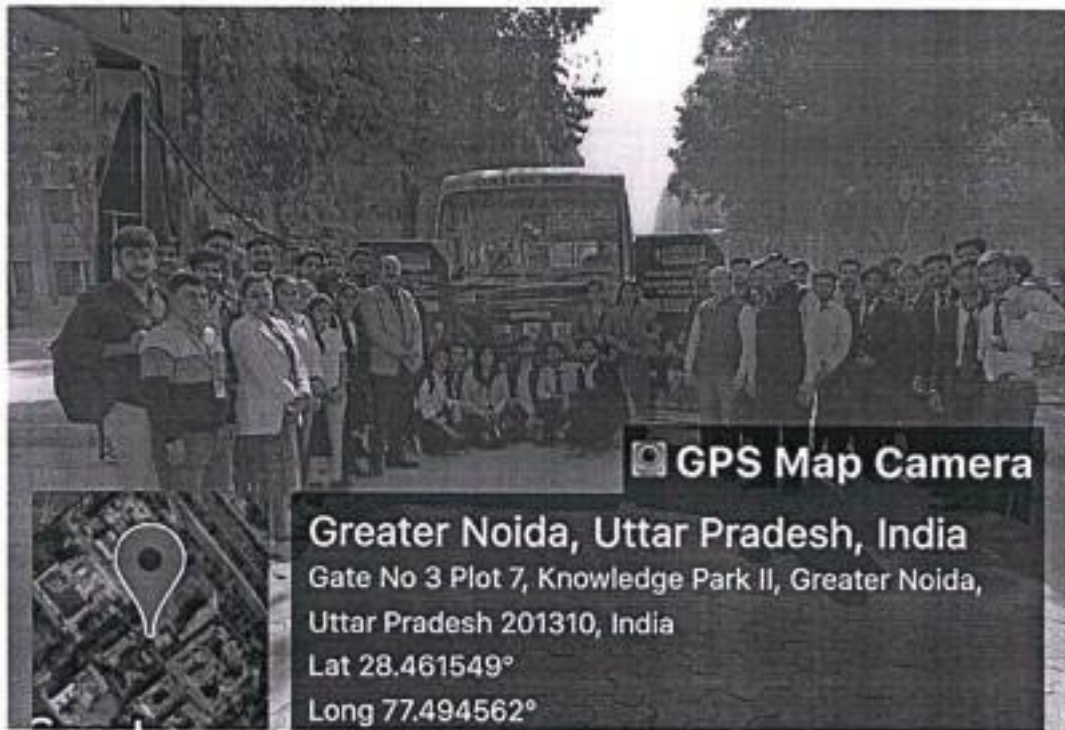

Moderator of the event was Dr Pankaj Gupta.

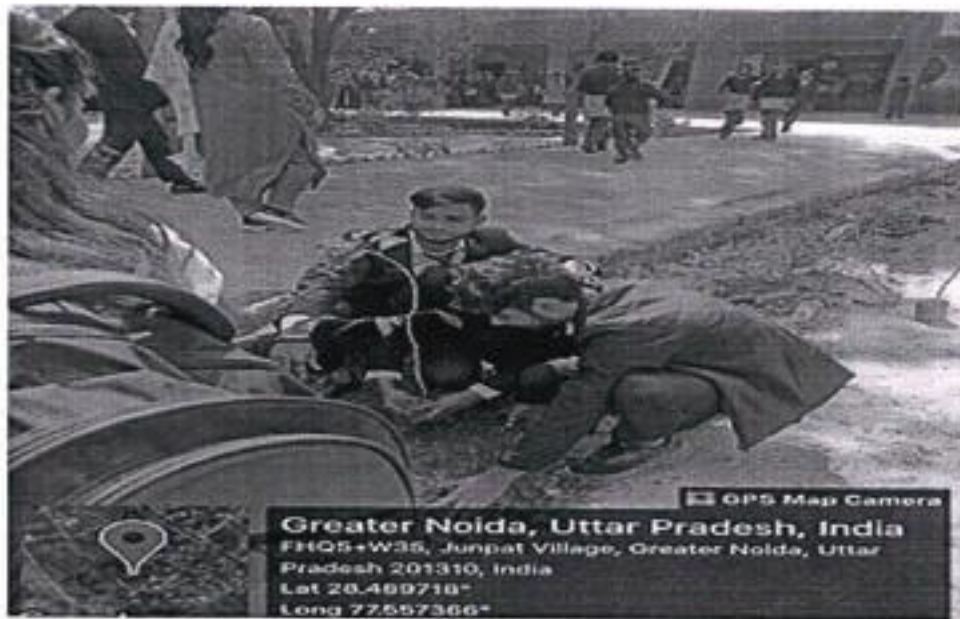

Other mentors, faculties, co-ordinators and students were present.

The students of 2nd and 3rd year of IT Department along with the faculty members and village authority embraced the event with their presence and spread the awareness among the local school children's and villagers. The students performed acts in the form of Nukkad Natak which was heart touching and very well explained the importance of trees in our life. Also some students recited the poems written by them and made us understand the importance of trees in our life cycle.

Few glimpse of event's are:

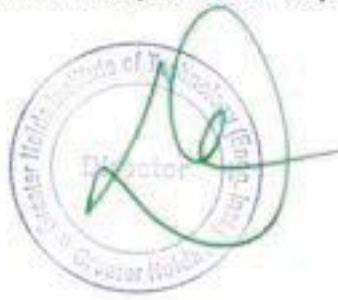

The session was very fruitful and interactive.

The outcome of the Program

1. The purpose of making people aware of the importance of planting trees and to assist them in doing so.
2. Planting saplings to invest in the future on tree plantation day.

Department of CSE-AIML in association with Institution's innovations council (IIC) organized a Programme on **Swachh Bharat** for all students on 21st Sep 2022.

Mr. Amrisha Dubey & Ms. Rachana Singh Sisodia Organised a programme on Swachh Bharat, Actively engaging in the cleanliness drive organized by the esteemed institution, in line with the Swachh Bharat Abhiyan initiative, was a commendable feat. The initiative commenced with a tribute to the revered Mahatma Gandhi, followed by the students' zealous efforts in tidying up the campus while chanting, "One step towards cleanliness." This campaign was launched by none other than the honourable Prime Minister, Narendra Modi.

We would like to extend a heartfelt thanks to GNIOT Management and Dr. Dhiraj Gupta, Director, for giving us the opportunity to organize this event. We're also thankful to Dr. Dr. Amit Agarwal (HOD-CSE-AIML) for their valuable inputs and necessary support.

**Report on Swachh Bharat Abhiyan Conducted by Department of
Electronics and Communication Engineering in Begampur Village:
"Whether the Sun Shines or Storm Comes, or It Rains, Cleaning India
Should Be Our Only Aim"**

The Department of Electronics and Communication (ECE) organized a Swachh Bharat Abhiyan event on 02nd October 2022 in Begampur Village to promote cleanliness and hygiene in the community. The event aimed to raise awareness about the importance of maintaining a clean environment and instilling a sense of responsibility among the residents of Begampur Village towards keeping their surroundings clean.

The quote, "Whether the sun shines or storm comes, or it rains, cleaning India should be our only aim," served as the guiding principle of the event, reflecting the need for consistent efforts towards cleanliness, regardless of the circumstances. The participants included faculty members, students, villagers, and local authorities, who came together to actively participate in various cleanliness activities.

The event commenced with an opening address by Dr. Neha Sharma, Head of the Department of Electronics and Communication, who emphasized the significance of Swachh Bharat Abhiyan and its impact on the health and well-being of the community. She stated, "Cleanliness is not just about keeping our surroundings tidy, but it also has a direct correlation with our health and quality of life. It is our collective responsibility to work towards a cleaner and healthier India."

The participants engaged in a range of cleanliness activities, including cleaning streets, public areas, and common spaces. They also conducted awareness drives on waste segregation, proper waste disposal, and the importance of maintaining cleanliness in daily life. The students and faculty members of the ECE Department actively participated in the event, demonstrating their commitment to promoting cleanliness in the village.

The event concluded with a pledge by all the participants to continue their efforts towards maintaining cleanliness in Begampur Village and spreading awareness about Swachh Bharat Abhiyan in their respective communities.

REPORT

TREE PLANTATION On

"TREES ARE THE ROOTS OF OUR EXISTANCE"

5 NOV 2022

Organized by

Electronics and Communication Engineering Department

Report on Tree Plantation Conducted by Electronics and Communication Department in Nearby Area in Knowledge Park-II: "Trees Are the Roots of Our Existence"

The Electronics and Communication (ECE) Department organized a tree plantation drive on 05th November 2022 in the nearby area of Knowledge Park-II to promote environmental conservation and create awareness about the importance of trees in our existence. The event aimed to highlight the role of trees as vital components of our ecosystem and the need to protect and preserve them for a sustainable future.

The quote, "Trees are the roots of our existence," served as the guiding theme of the event, emphasizing the critical role that trees play in supporting life on Earth. The participants included faculty members, students, and staff from the ECE Department, who enthusiastically participated in the tree plantation drive.

The event began with an opening address by Dr. Mukesh Kumar Ojha, Head of the Department of Electronics and Communication, who emphasized the significance of tree plantation in mitigating the adverse effects of climate change and preserving biodiversity. He stated, "Trees are not just a source of oxygen, but they also provide habitat for wildlife, regulate temperature, conserve water, and contribute to the overall well-being of our planet. It is our responsibility to protect and nurture them for ourselves and future generations."

The participants actively participated in the tree plantation drive, planting a variety of saplings including native trees, fruit trees, and medicinal plants. They were guided by forestry experts who provided insights on proper planting techniques and the importance of caring for the saplings after planting. The participants also conducted awareness sessions on the benefits of tree plantation and the need to conserve and protect trees in our surroundings.

During the event, several participants shared their perspectives on the importance of tree plantation and the role of trees in our existence. Here are some quotes from notable individuals:

1. Ms. Jyoti Maurya, a student from the ECE Department, stated, "Trees are the lifeline of our planet. They not only provide us with oxygen but also support biodiversity, regulate climate, and provide numerous other benefits. Tree plantation is our responsibility towards protecting the environment and ensuring a sustainable future."
2. Mr. Harvinder, a faculty member from the ECE Department, said, "As engineers, we have a role to play in environmental conservation. Tree plantation is a simple yet effective way to contribute to mitigating climate change and preserving our ecosystem. It is crucial to raise awareness and actively participate in such initiatives."

3. Mr. Mohit Kumar, a lab staff member from the ECE Department, shared, "Trees are an integral part of our existence. They provide us with food, medicine, shelter, and a healthy environment. Tree plantation is not just an event, but a continuous effort towards preserving our natural resources and securing a better future for ourselves and generations to come."

The event concluded with a pledge by all the participants to nurture and care for the planted saplings and spread awareness about the importance of trees in our surroundings.

Plot No. 7, Knowledge Park II, Greater Noida, (UP) 201306 | www.gniotgroup.edu.in | 1800-274-6969

In conclusion, the tree plantation drive conducted by the Electronics and Communication Department in the nearby area of Knowledge Park-II on 05th November 2022 emphasized the significance of trees as the roots of our existence. The event highlighted the role of trees in supporting life on Earth and the need to protect and preserve them for a sustainable future. The active participation of the ECE Department and the enthusiastic engagement of the participants showcased their commitment towards environmental conservation and creating a greener and healthier environment.

Department of CSE-IoT

A report on Swachh Bharat Abhiyaan

The department of IoT contributed in the GOI mission Swachh Bharat Abhiyaan by organizing an outreach activity on 6 December, 2022 from 12:00 Pm onwards. 14 students of the 2nd year formed two teams, spotted the location in the GNIOT campus and its neighborhood where the cleaning is required. Afterwards, students took the initiative, held the broom and cleaned the location. They also put the litter (e.g., wrappers) in the dustbin and created the awareness for the importance of the cleaned environment. Dr. Nancy Agarwal was the moderator of the event. A special thanks to Dr. Indradeep Verma (HOD of CSE-IoT) and Dr. Vaibhav Srivastava for the valuable support.

The poster is for the Swachh Bharat Abhiyaan, organized by the Department of CSE-IoT at GNIOT. It features the GNIOT logo at the top left, followed by the text 'Department of CSE-IoT is Organising'. The main title 'Swachh Bharat Abhiyaan' is prominently displayed in a stylized font, with 'The importance of the cleaned environment.' written below it. The central illustration shows two workers in uniforms cleaning a street, with one holding a broom and the other a dustpan. To the right of the workers are three recycling bins. At the bottom left, there are portraits of Prof. Dr. J. Divya Gupta (Director) and Dr. Indradeep Verma (HOD CSE-IoT). Below these portraits, the event details are listed: 'Tuesday, 06 December 2022 | Time: 12:00pm-2:00pm'. The bottom section of the poster provides the location 'Greater Noida, Delhi/NCR', a toll-free number '18002746969', and the website 'www.gniotgroup.edu.in'. On the right side of the poster, there is a circular stamp with a signature and the text 'Director, Greater Noida'. The bottom right corner of the poster has a 'FOLLOW US' section with social media icons for Facebook, Instagram, Twitter, and YouTube.

A report on Plantation Drive

The department of IoT conducted plantation drive on 13 December, 2022 with the participation from 2nd year students. 6-8 students joined in the plantation under the guidance of the gardener of the GNIOT Institute. The event made the students realize about the importance of nature and their duty towards maintaining the balance. Mr. Anupam Saini and Dr. Nancy Agarwal were the moderator of the event. A special thanks to Dr. Indradeep Verma (HOD of CSE-IoT) and Dr. Vaibhav Srivastava for the valuable support.
